

### Portals of Learning

Ground was broken last Saturday for Harrison hall, the \$500,000 building which is to house the National Kindergarten and Elementary college on the new campus at 2970 Sheridan road, at the Wilmette-Evanston boundary line. Above is illustrated the entrance to the beautiful structure which, it is expected will be ready for occupancy January 1, 1926.

### HIGH SCHOOL SUMMER WORK BEGINS JUNE 22

Summer school will be in session at the New Trier High school from June 22 to August 14. Classes will be held in the morning from 8 to 12:30 o'clock. The preliminary enrollment indicates that about 500 students will be in attendance.

Students of the "flunker" type are rapidly being replaced by the ambitious student who is desirous of taking up work which he could not crowd into his course during the regular school year, it is explained. Then, too, the tendency on the part of colleges and universities to pick their prospective students, requires more thorough preparatory work. Each year more parents realize that to loaf for three months is demoralizing, and that it is no hardship for the normal boy or girl to study one or two subjects for a period of eight weeks, under ideal conditions.

The instruction is given by the members of the regular faculty, which guarantees the quality of the work. The regular semester's credit towards graduation is given in the subjects completed during the summer session.

### Pros at Playfield Links Prove Expert Instructors

John and Walter Stelzel, professionals at the Playfield Golf course have been experiencing some fairly busy days instructing novices and perfecting the games of those who have been at the game for some time. The brothers are expert tutors and, in addition to attending to other duties of professionals on the course, find

ample time to give instructions. Those who have "taken" from the pair testify enthusiastically to their ability to convert beginners into effective players. The instruction is held by many to be essential since it gets the novice started away in proper shape before he has a chance to get into "bad" golfing habits.

Appointments may be made at any time by communicating with the Playfield professional's house on the course.
