COUNCIL MAPS OUT PROGRAM FOR YEAR

(Continued from Page 1)

garbage disposal is possibly the most important and difficult of solution. At the present time garbage is dumped on the land of various farmers west of the village, to be used as fertilizer. This is not an ideal method of disposition as great care must be taken to keep the garbage free from paper, cans, and other substances, since the farmers do not like to accept it if these are too profuse. It is also a method of disposal which obviously cannot continue indefinitely.

Study New Subdivisions

The Plats and Zoning committee will take up the matter of the new subdivisions south of Willow road. In a village of the character of Winnetka one of the most important bodies is the zoning committee and its work is kept constantly before the eyes of the public. This is especially true along the north shore, where the amazing growth and the movement from Chicago to the suburbs has confronted all the towns with the flat problem while the resulting growth of local business districts has brought the zoning question constantly to the front.

All these matters listed for consideration by committees are closely related to the welfare and development of the community. Numerous other matters will come before the council as a whole, as well as problems of the utmost importance which spring up from time to time. It is only by planning its work in this manner that the council is able to accomplish its business as satisfactorily and expeditiously as it does.

Local Policemen Attend Cops' State Convention

Sergt. John Iverson, Constable Walter Gregory and Motorcycle Policeman Albert Ottone of Winnetka attended the annual Illinois Police association convention held at Aurora, Ill., Wednesday of this week. They reported the convention as being the largest and most successful in the history of the organization. Many other north shore policemen were present and a large delegation from Chicago attended despite the serious crime situation in that city.

Frank Anderson of the Summerdale church will address the regular Midweek service Wednesday evening and will speak again before the Ladies' Aid society which is to meet at the Winnetka Woman's club, Thursday evening.
