

Winnetka Beats Drexel Nine in Overtime Game

Winnetka A. C.'s came through in the eleventh inning of their game with the fast Drexel Maroons of Chicago, last Sunday emerging with a 12 to 11 triumph. The game was featured by heavy stick work with Palletti, "Spike" and Burmeister leading the procession. It was Winnetka's third straight victory.

Winnetka's winning tally resulted from a pass to Smith, his theft of second base and romp over the platter on a single by "Spike." The visitors had knotted the count in the ninth frame.

This Sunday afternoon the locals meet the powerful Silverdales of Chicago. The game is called for 3:15 o'clock at Playfield.

Several local women, it is said, are interested in the courses in child nurture given under auspices of the National Kindergarten and Elementary college and which opened at the college Monday of this week.

During the six weeks of the course there will be study in child hygiene, child psychology, essentials of speech, early childhood education, religious education and kindred subjects. A kindergarten for children from 2 to 4 years of age, is also being conducted at the school in conjunction with the courses for mothers, patterned after the famous English nursery schools.

White Poodle Wanders; Now Awaits Its Owner

Who lost the white poodle? Someone in Wilmette has lost a pet and can find it at the W. H. Fisher kennels, located on Waukegan road about a mile and a half north of Glenview. Early this week the driver of an ice wagon in the village noticed a small white poodle following his wagon. He attempted to frighten it away, but it continued to follow him. When he arrived at Fisher's kennels the dog was captured and placed in Fisher's care. It will be returned to the owner upon proper identification.

He is also a delegate of the Baptist Young People's Union of America and will have a prominent part in the programs of that organization at the conference.

Require Large Pumps for Floating of "Missing Men"

Pumps adequate to overcome the natural leakage of the hull, strained around the water line by last winter's ice, are all that are required to raise the old "Port of Missing Men" in Wilmette harbor. E. J. Moberg, the diver in charge of the raising of the old craft, home of the Buccaneer's club, expressed the opinion that the ship would be raised by the first of the week. The work of raising it has been going on for some time and the hull has been made as water-tight as possible, but the only available pumps were not

sufficiently strong to overcome the inrush of water and raise the craft. Additional pumps were expected to arrive today.
