Sponsors Agriculture and Forestry Measures

State Representative Lewis B. Springer, whose home is at 430 Maple avenue, Wilmette, has returned from Springfield after a busy session of the legislature where he has been the greater part of the time since early in January. Mr. Springer was called upon for important work in the last session as a member of the committees on appropriations, municipalities, industrial affairs, roads and bridges, waterways, public utilities, and transportation. Dur-

visit and examine the needs of the Illinois State Normal college and the Illinois Soldiers' Orphans' home at Normal, the Northern State Teachers' college at Dixon, The Illinois State Penitentiary and the Women's Prison at Joliet, the St. Charles School for Boys at St. Charles, and the State Training School for Girls at Geneva.

Backs Experimental Station
He sponsored a number of bills in the General Assembly among the most important of which was a bill authorizing the appropriation of \$30,000 for an agricultural experimental station in Cook county which is located near Des-Plaines, and a bill which authorizes the Department of Conservation to acquire tracts for state forests and designates portions as game and fish preserves. This latter bill carries an appropriation of \$100,000, making a total of \$200,000 to start the important work in Illinois. This bill also bore the endorsement of the Union League club, the Hamilton club, the Illinois Forestry association, and the Federation of Women's clubs of Illinois.

Nine bills sponsored by Representative Springer passed the house and senate at the last session.

Reassemble Tuesday
The legislature will reassemble for its final meeting Tuesday, June 30, when it will receive any vetoes from the governor of bills that he does not approve, after which it will adjourn sine die. Mr. Springer will leave Monday for the closing session and expects to be back in Wilmette the following Wednesday.
