

CHOSEN DEAN OF "Y" SCHOOL

Winnetka Man Directs Commerce Branch

J. A. Humphreys

J. A. Humphreys, 809 Elm street, Winnetka, has just been elected dean of the School of Commerce of the Central Y. M. C. A. schools, according to announcement of J. R. Short, chairman of the board of governors.

Humphreys has been secretary of the personnel service bureau of the "Y" schools since last fall and before that was in the advertising business. He has also been principal of the Intermediate school of Winnetka. He is a graduate of Oberlin college and did his graduate work at the University of Chicago.

The School of Commerce, which Mr. Humphreys is to head, is affiliated with similar Y. M. C. A. schools throughout the country and has worked in close cooperation with the Chicago real estate board, Association of Credit Men, Associated Advertising Agencies, Investment Bankers' association, and other similar organizations in preparing and giving 41 different specialized courses in commerce. More than 1,000 men were enrolled in these night courses last spring. A large development of the school is anticipated under the leadership of the new dean, who feels there is a great need for practical commercial training for boys and young men, who are willing to work all day and then invest their evenings in self improvement.

IN SMALL BITS

Frances Hatton, who plays the part of the Queen's maid in "Confessions of a Queen," the Victor Seastrom production, is the wife of Raymond Hatton, the well-known character actor.

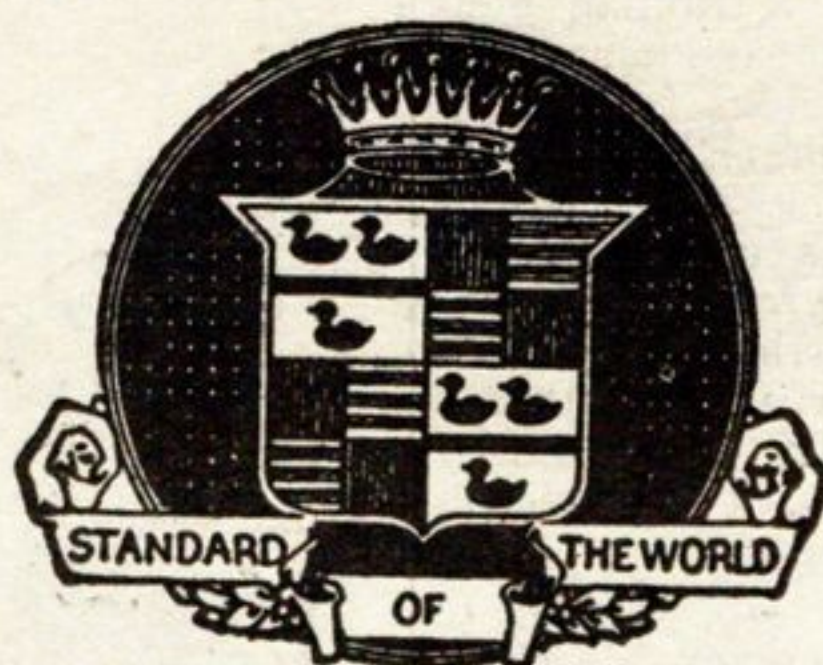

A lawn social will be given by the Royal Neighbors of America at the home of Mrs. Anthony F. May, 1461 Wilmette avenue, Thursday, July 23.

WALLACE'S DIVERSIONS
Playing Rachmaninoff's Prelude, a classic for the piano, proved to be

Wallace Beery's idea of relaxation and diversion during the making of some of the interior scenes of "Rugged

Water," Irvin Willat's thriller of the life of the New England life savers. One wouldn't think to see Wallace

Beery in some of his films that he spent years studying piano under the direction of fine teachers.

Care-free Cadillac Ownership

Possible Through the
Cadillac Evanston Branch

OWNER-RESIDENTS
Shore communities are

car ownership through a special service rendered by the Cadillac Evanston Branch, Ridge Avenue at Lyons.

Regular lubrication and inspection is prerequisite if *any* car is to perform satisfactorily. Few owners, however, want to be bothered with doing this work themselves. So the Evanston Branch supplies a Lubricating Schedule at 500 mile intervals which keeps the cars thoroughly oiled and greased and provides frequent inspection service.

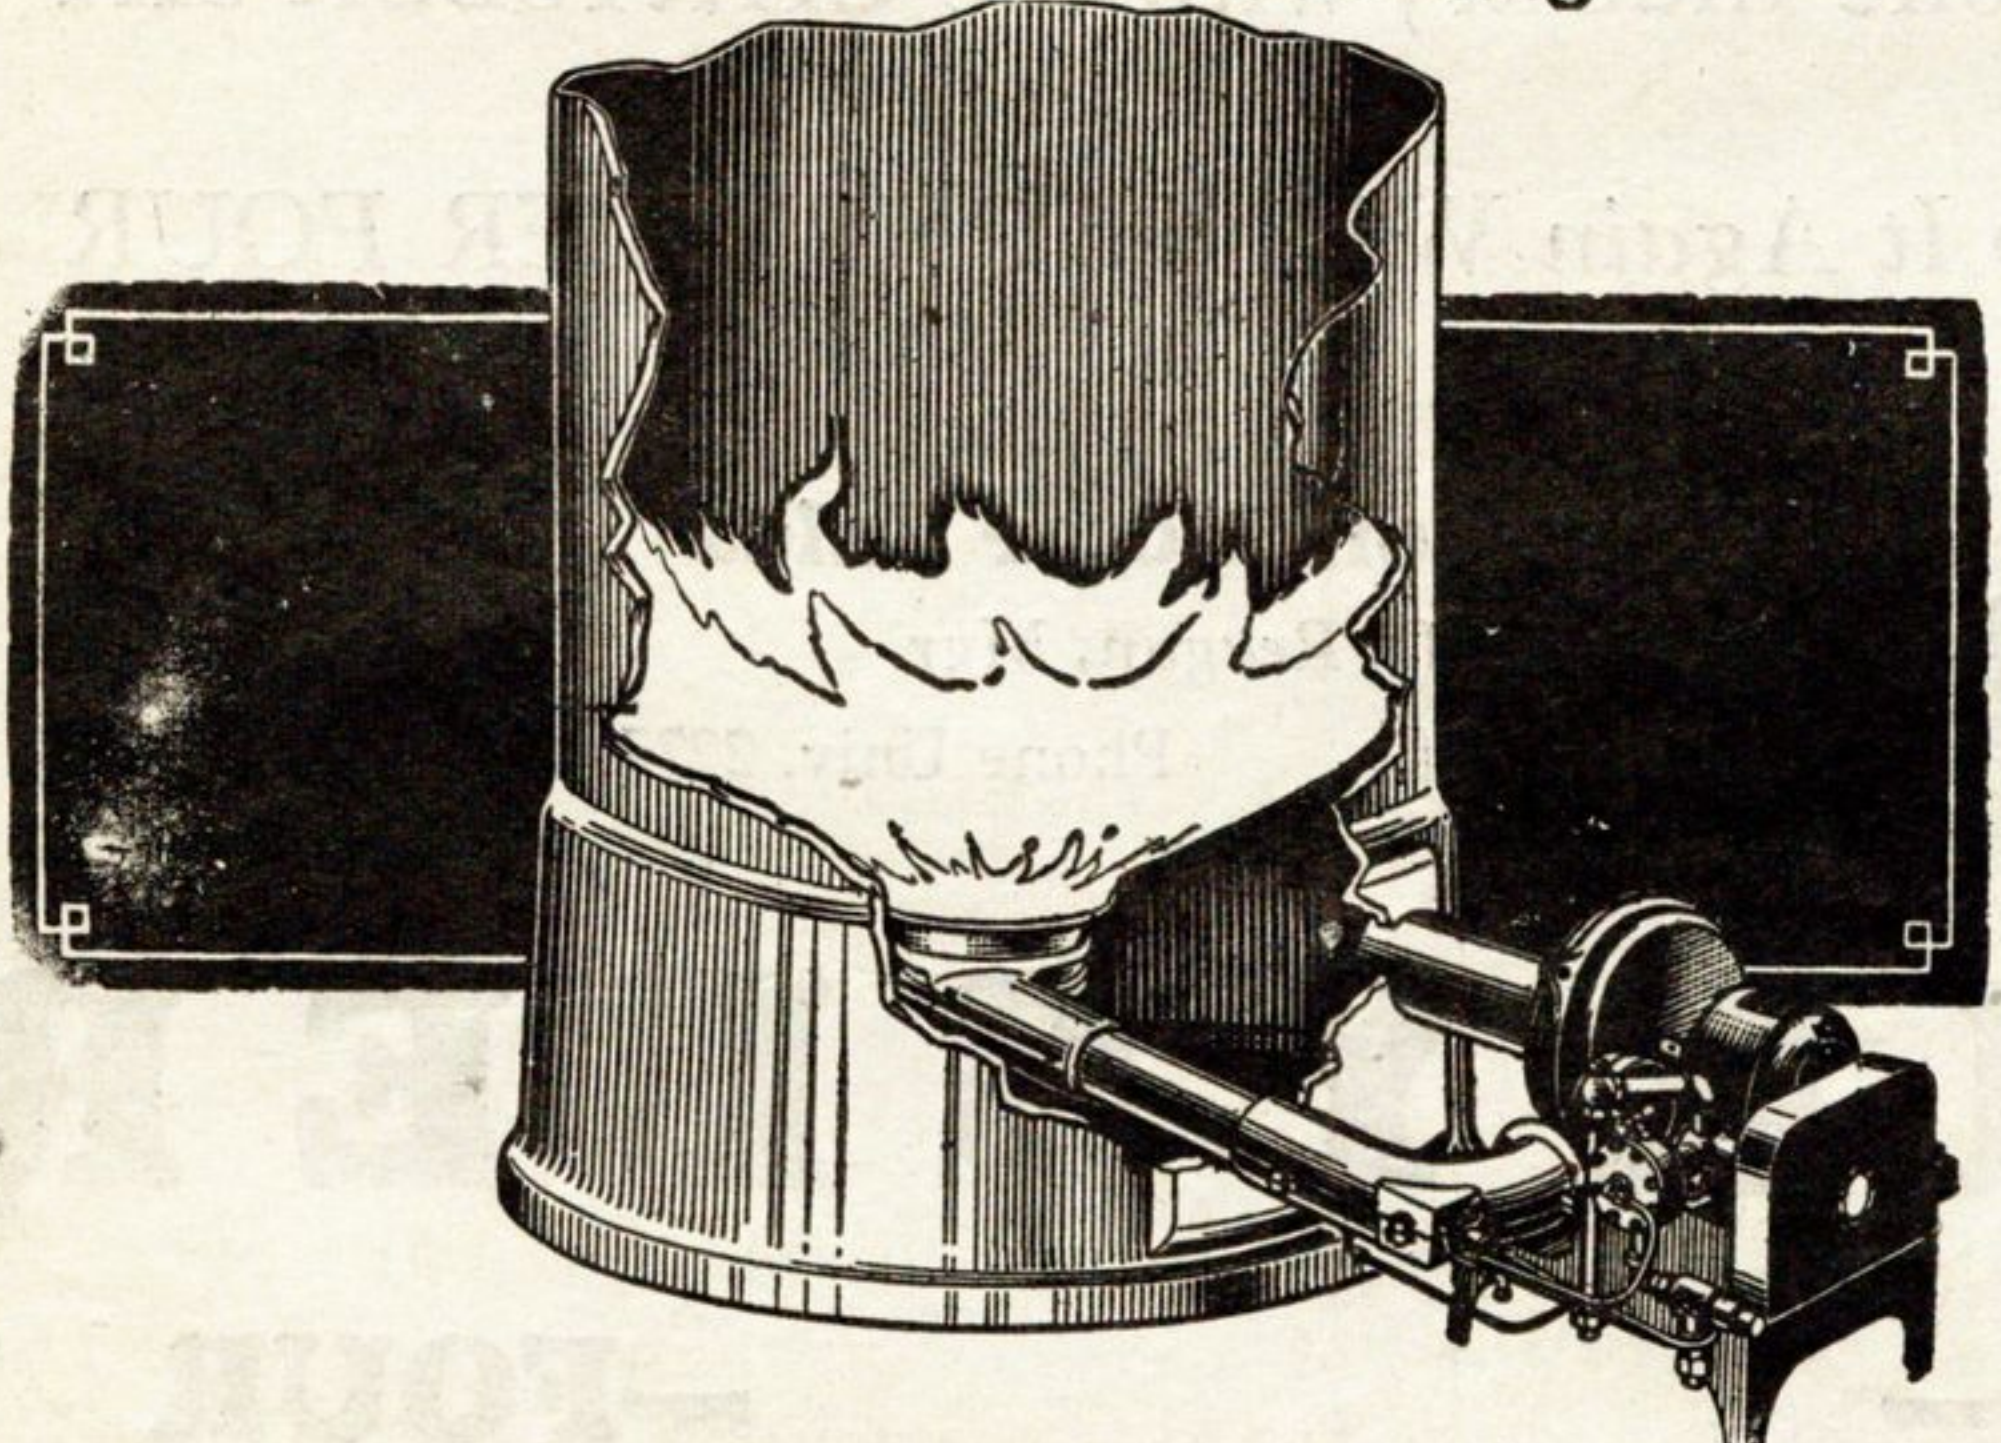

Owners are not even asked to remember when the next lubrication-inspection is due. A small label, attached to the face of the speedometer, tells them when the next visit to the service station should be made.

As Great an Improvement on the Present Day Oil Burner as the Oil Burner is on the Coal-Fired Furnace

Announcing the opening of their new show room and their special "Opening Offer"—Complete installation with automatic controls and oil storage tank for \$540.00—\$50.00 down—No more until October 1st, 1925.

Reasons Why You Should See The Sword

The SWORD OIL BURNER answers all the present oil burner questions and adds absolute Quietness and Simplicity. It burns cheap oil. REDUCES CHIMNEY LOSSES by Patented Sword Method. Retains the heat in the furnace under partial vacuum.

THE SWORD BURNER HAS BEEN OPERATING IN NORTH SHORE HOMES FOR A YEAR. It is one of the leading oil burners in the East. It has been placed on the Standard List by the Massachusetts Bureau of Fire Prevention.

It is manufactured and guaranteed by the Sword & Kimber Company of Philadelphia—one of the strongest companies, financially, in the business. The local distributing company is backed and managed by men with six years experience in the oil burning industry.

A demonstration at any time is our most convincing argument. Come in now.
