

## SAYS ACCIDENTS COST US \$15 PER

Most of Them Preventable, Expert Declares

"Accidents all over the United States cost you \$15 each year. You are paying out of your pocket this sum of money for accidents that could be prevented. That is the tax you must pay for carelessness," says Charles M. Hayes, president of the Chicago Motor club.

"The prevention of accidents is an individual problem. Each citizen must do his bit. Safety organizations can accomplish nothing unless you cooperate. To illustrate: The Chicago Motor club last year spent \$50,000 in its accident prevention department alone. In erecting signs at schools, dangerous crossings and curves, in issuing safety first literature and advertising, in appealing for greater care on the highways, but that money does no good if you refuse to heed the warning signs that are erected or will not profit by the lessons taught in the safety first literature.

"A young mother whom I saw crossing a crowded street during one of the blustery days of last winter had profited by the safety first warnings that she had read. Here is what happened: She had two little boys by the hand and was about to cross the street when one of the youngsters broke away from her and started to dash across the street at top speed. There wasn't a car on the deserted street, but this very wise mother, caught the little fellow, dragged him back to the curb, and made him stand in the cold while she read him a lecture. 'I never want to see you run across any street under any circumstances' she said. 'Now you stand here and think what I have told you.'

"There was no danger in crossing that particular street at that time on a run, but this young mother knew that habits instilled into the minds of children never left them. She knew that if he always walked across the street knowing what he was about he would form a habit so strong that it would never be broken."

Mr. and Mrs. J. E. Worthen of 314 Greenleaf avenue, who have been vacationing in the West, have been staying at Troutdale-in-the-Pines, Evergreen, Col., for a fortnight.

street has as her guest for the summer months, her granddaughter, Miss Lois Allen of Pittsburgh, Pa. Miss Allen is a former resident of Wilmette.

Mrs. Frank C. Van Ness, who was formerly a resident of Wilmette, has been confined to the Evanston hospital for a period of about three weeks.

## ANDY'S GONE AGAIN; THIS TIME IT'S WEST

Andrew "Andy" Hostnick, dean of north shore automobile salesmen, accompanied by Mrs. Hostnick and Mr. and Mrs. John Bleser, left early this week on a six weeks' tour in the West and Northwest with Yellowstone National park as their present definite destination.

Andy, as many north shore residents know, is a charter member of the auto-touring fraternity, having engaged in that pastime in the days when most motorists were timid about venturing much beyond hailing distance of their home garages. He has toured practically every section of the United States, varying his expeditions a few years ago by negotiating England and the Continent.

The party will be gone about six weeks—possibly longer—and will employ Andy's trusty Cadillac—this is not an advertisement—since all of Andy's trips must be by Cadillac.

We'll no doubt have word from Andy ere long.
