Klondike Has Nothing on Florida, Says Realty Man

Word has been received from Robert M. Johnston, Linden avenue real estate operator, who, with his brother Gareth, is now in Florida. Mr. Johnston sent a card from Melbourne, Fla., comparing that state with the Klondike because of the boom that is in progress. "Sure is some country," says Johnston. "Property doubles over night in value." He will return to Wilmette next week.

DON'T OUTDRIVE THE HEADLIGHTS

Motor Club Official Gives Timely Advice

"Many accidents occur because motorists outrdrive their headlights," says Charles M. Hayes, president of the Chicago Motor club. "The experienced motorist knows that because he can see clearly for 300 feet ahead of him is no reason to drive as though he could see for 500 feet, yet this is the error into which the inexperienced driver falls. The danger is simply this: One thinks that his attention is always riveted on the road ahead, whereas it is likely to be distracted for a few seconds, long enough to do much damage.

"In order to realize how dangerous a distraction may be one must know that in traveling 30 miles an hour the car travels 44 feet in a second. Suppose that you find the road ahead clear as far as you can see, which with good headlights might be 300 feet. You are traveling 30 miles an hour. You hear a squeaking noise down in the region of your floor-boards and you glance down just for an instant to see what is wrong. The glance occupies six seconds. Now let us imagine a very common-place situation. Just beyond the 300 foot path through which you can clearly see there is a truck stalled without any lights. When you look up after the six seconds have passed, you are 264 feet nearer the truck and you have 56 feet left in which to make a stop. Can you make it? The chances are that a collision will occur, either with the truck or, if you elect to swerve over to the left, with an oncoming car. The point I want to make here is that you can't afford to take your eyes off the road ahead, even for a minute.

Keep Shield Clean

"A dusty windshield often causes a tremendous amount of glare. Particles of dust bend the rays from oncoming lights, often directly in the eyes of the motorist whose windshield is coated with dust. Never clean your windshield with a dry rag; this scratches the glass and makes a permanent lens that will deflect rays of light. Always use a damp rag.

Hint for Pedestrian

"Every one knows how rain distorts the vision, and how street lights cast fantastic shadows on the pavement when it rains, and this distortion of vision is often the cause of accidents. The pedestrian is hurrying to get out of the rain, sometimes even crossing busy streets with an umbrella opened. The driver cannot see as well as under ordinary conditions, and the result is an accident. The pedestrian should realize the difficulties under which the driver labors on such a night, and should govern his actions accordingly. He should realize that a car cannot be stopped as quickly when the streets are slippery and, of course, the driver himself should be particularly careful under such conditions and he should reduce his speed so that he can control his car as easily as if he were driving on a dry pavement in fair weather. A speed that may be perfectly safe during the daylight hours and when the pavements are dry may be reckless on a rainy night."

REEL STORY OF REAL QUEEN

Would you like to see a story depicted of a real Queen's life? A Queen who ruled with her husband in a brilliant kingdom in Europe, was dethroned and then forced into exile in Paris? A Queen who had all the beauty and magnetism of a story heroine, and whose gayety and laughter hid bitter tears?

Such is the story of "Confessions of a Queen." It is a Victor Seastrom production for Metro-Goldwyn-Mayer, adapted to the screen by him and Agnes Christine Johnston from the famous story by Alphonse Daudet.

Alice Terry plays the role of the Queen Fredericka, and Lewis S. Stone is seen as the King, Christian. Others in the cast are John Bowers, Eugenie Besserer, Helena d'Algy, Frankie Darro and Joseph Dowling.

TOURISTS BARRED

Tourists have been barred from motion picture studios in Hollywood. M. C. Levee, producer of "Just a Woman," objects to the effect that during the filming of this picture he lost \$25,000 in time which Claire Windsor was compelled to give to the visitors. This included a cessation of work by the entire company.

CLARIE, CONWAY CO-STARS

Claire Windsor and Conway Tearle will soon be seen in a new picture, "Just a Woman." It is an M. C. Levee production of Eugene Walter's stage hit of the same title. Percy Marmont heads the supporting cast. Mrs. Sam Ford of Sheboygan, Wis., has left for Detroit, Mich., after a visit here with her sister, Mrs. Harry C. King.
