**Fixing Tire on Drive Nearly Costs His Life**

Mrs. Oscar W. Olson, 1108 Oak street, Winnetka, narrowly escaped serious injury Monday noon when she was forced to choose between a head-on collision with a speeding automobile or another machine parked at the curb. She chose the latter and escaped injury.

Mrs. Olson was driving north on Ridge avenue in Evanston. As she

neared the St. Francis hospital another machine cut out of the stream of south-bound traffic, directly in her path. The car was going at a high rate of speed and could not stop in time so she thrashed her car into one belonging to Thomas Irving, of Norwood Park, which stood parked at the curb.

Irving was changing a tire on his machine when struck and knocked him senseless. He was taken into the hospital where he soon recovered, having suffered only minor bruises and slight cuts about the head. The other driver escaped.

**Gambrill Wins Trophy in Illinois Club Play**

to you, but there is really a great difference in qualities. A scuttle of our coal, for instance, will go much farther than one of lower grade. That means a considerable saving in the course of a year or even a winter. Why not put us to the test? Order some to-day.

**There Is A Reason**

Each day the number of customer shareholders of the North Shore Gas Company show a substantial increase. This rapidly growing body of shareholders sees the many advantages of investing its savings in a substantial home industry.

Our shareholders receive dividend checks four times each year at an attractive rate. Their shares are free from personal property tax and dividends are not subject to normal federal income tax, and best of all, their money is safe as it is invested in a well managed public utility dealing in commodities that are absolutely essential to every day life, the demands for which rapidly increase day by day.
