Kenilworth Happenings

NOW that the golfing season is at its height and the golfers are disporting themselves with great gusto and glory on the neighboring links, it is a fitting time to remark the prowess of a Kenilworth champion who gathered for herself fresh laurels last week. This fortunate person is none other than Mrs. Edgar A. Stevens of 330 Oxford road, who triumphantly carried off the Woman's championship of the Skokie Country club last week for the fourth consecutive year, a record that few golfers hereabout can surpass. In the first round Mrs. Stevens won her match from Mrs. Godfrey Phillips and in the second round she decisively defeated Miss Ernestine Pearce, winning the finals from Mrs. Paul Chace. All the competitors were golfers of ability and, particularly in the match with Miss Pearce, Mrs. Stevens was driven hard to defend her title, which she did in brilliant fashion. The result is that Kenilworth retains a champion of which it has great reason to be proud.

After many weeks of uncertainty owing to the ill health of her fiance, Walter Mead, of Wisconsin Rapids, Wis., Miss Louise Durham, daughter of Mr. and Mrs. Howard Durham of 431 Abbottsford road, has decided upon October 3 as the date for her wedding. Miss Durham, accompanied by Mr. and Mrs. Durham, motored to Wisconsin Rapids last week-end where they were the guests of the Meads. The young people are planning an extensive honeymoon in Europe to follow the wedding.

Miss Dorothy Smith, daughter of Mr. and Mrs. Robert Smith of Cumner road, left last Tuesday for Wyoming where she will spend a month ranching and visiting the Yellowstone. Mr. and Mrs. Leslie Taylor (formerly Miss Daisy Smith), who have been living at Lake Zurich this summer, have taken a house in Wheaton for the fall.

Miss Dorothy Bennett, daughter of Mr. and Mrs. I. A. Bennett of Sheridan road, who has been devoting herself largely this summer to the care of her mother since her return from California, left for the East on Thursday where she will participate in several house parties in New York City and Ridgwood, N. J. She plans to be away two weeks or 10 days.

Mr. and Mrs. John Ellis of the Kenilworth Inn, who have made themselves much liked among the Kenilworth young people during their sojourn here, are leaving for the East a week from Sunday, following the wedding of Miss Martha Stevens and John Cory, in which they are members of the bridal party.

Mr. and Mrs. Carl Keith and their sons, Harold and Eldridge, stopped off over night in their Kenilworth home Friday en route from their summer home in Wisconsin to the Yellowstone where they will tour for several weeks, going from there to the Yosemite.

Four youthful campers returned home Sunday morning after having spent six weeks on a Wyoming ranch under the chaperonage of E. L. Nygaard, principal of the Joseph Sears school. They are Bentley McCloud, Frank Springer, Frederick Breit, and Bobby Joslin.

Mrs. Edward F. Hamm and her two daughters, Bertha and Harriet, are expected home today from Estes Park, Col., where they have been sojourning for a week or two.

Richard Luce and John Johnson of Grand Haven, Mich., are guests this week of Mrs. W. O. Belt and Miss Virginia Belt of 202 Abingdon avenue.

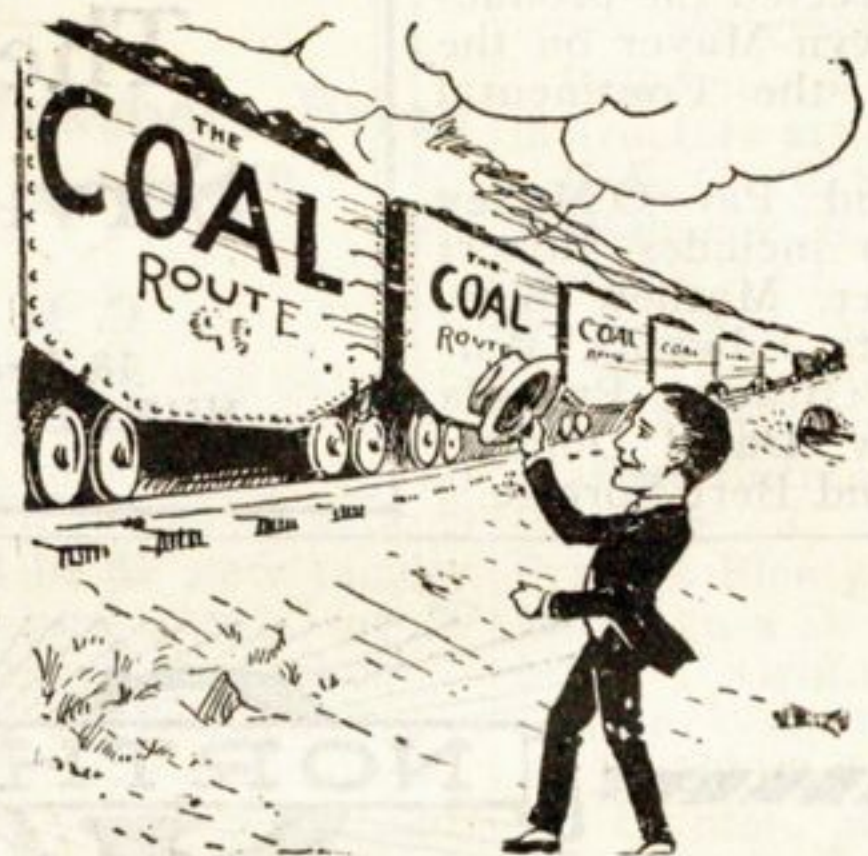

Miss Frances Stevens of 330 Abbottsford road has been spending the week at Delavan, Wis.

Mr. and Mrs. Frank Sherritt and daughter, Jean, of 330 Oxford road, left Wednesday morning to motor to Lost Lake, Wis., where they will spend several weeks. Frank Sherritt, Jr., will join them Saturday.

NOTICE OF DISSOLUTION

The partnership of E. T. Leonard and Miss M. Hettrich, doing business as the Glencoe Realty Company, is this day dissolved by mutual consent. Signed: E. T. Leonard, Miss M. Hettrich. TN24-3tc

OUR COAL IS CORDIALLY WELCOMED

by those who have used it. So many friends have it that it takes carloads to satisfy their demands. They appreciate its fine burning quality, its freedom from dirt or slate and the great amount of heat it produces with less coal than usual. You'll be another friend of our coal once you try it.

LEE SAYS:

HERE on our desk at the STORE is a telephone over WHICH we can talk to anyone WE CARE to reach; we have A CAR at home and we can GO FARTHER in it in one HOUR than father could GO in a day; we get OUR daily papers and HAVE the news hot off THE wires; our children ARE being given an EDUCATION right here IN WINNETKA that COULDN'T have been PURCHASED with a king's RANSOM a hundred years AGO; then there are ALL the wonderful TOILET preparations MADE by Richard Hudnot HUBIGANT, Coty and ELIZABETH ARDEN AND ALL the other COMFORTS that we have HERE, at our store—and STILL some people are INCLINED to crab and THINK we're having a HARD time of it—let's FORGET it!
