

Camp Fire Embers

Winnetka Camp Fire Girls

Late last Monday afternoon, three Kimadsham girls and one guest started to the lake for a beach supper. The day was grey, winds blew from the southeast, and the waves came roaring up to the beach just as the rain-drops began to slowly penetrate the sand. Undaunted, and prepared for "roughing it" the girls built their fire, teasing it and coaxing it until the flame crackled and leaped, bending this way and that with the wind.

Happy over their victory, the four Camp Fire maidens sat by the fire talking over their program for the coming year. Then, ravenous, and feeling the need of sustenance, out came the lunch boxes filled with sandwiches, bacon, to be sizzled over the embers, fruit and cookies. What squeals of fun when an apple dropped off the stick into the fire—what sighs of disappointment! But what Camp Fire is complete without toasted marshmallows? And so, we burned our tongues and grinned contentedly while rapidly disposing of the toasted sweets.

But after two hours and a half in the increasing rain, the girls covered the embers of the fire with the sand, disposed of all waste, and started back to the Community House leaving no trace of the good time we had just had. Being locked out of the house was rather hard on us, but, fortunately, a friend came by and rescued us from our predicament. Having sung a few songs and new plans made, one kindly brother called for the girls and packed them off to their homes.

**Frint George Uncovers
a Fine Dance Orchestra**

Frint George's newest entertainment novelty, the Peter Pan Girls, will provide one of the features at the Evanston Civic band benefit to be staged at the Evanston Country club the evenings of September 22, 23 and 24.

The Peter Pan contingent comprises eight highly talented girl musicians combined in one of the snappiest dance orchestras to be heard in these parts in many a moon.

Of course, there will be other notable acts on the bill, but folks are especially interested in the Peter Pan-ners, for they're sure to be in demand for many of the north shore winter season dance events.

Robert Atwood, 839 Elm street, son of Mr. and Mrs. Burton Atwood, left Tuesday to enter Clark university at Worcester, Mass.

**High School Enrollment
Highest in Its History**

New Trier high school opened this week with a registration of approximately 1,400 students, the largest in its history. No difficulties were experienced in handling the record number of students, it was said, and everything ran smoothly from the start. Excavating for the new heating plant began this week and it is expected to complete the installation this winter. The school will still depend on the old heating system this year, it was said.
