

## You Women With Nice Things —Here's a Word of Wisdom

Avoid cheap soaps; the penny you save at the bargain counter may ruin costly clothes in your laundry.

American Family may cost a trifle more, but it lengthens the life and beauty of whatever it washes. It has been doing it for 83 years.

That's natural — there's no purer soap. The yellow color tells you that — for yellow is the natural color of pure, mild soap.

Get the soap today.

## High speed electrified service on New Skokie Valley Division

~adds the beautiful Lake County  
Countryside to Chicago's suburban area

FOR years Chicago people have visited the beautiful Lake County Countryside to enjoy its trees, hills, flowers and other natural advantages. And families of means have established their fine country estates in this picturesque vicinity.

But most Chicago families, much as they would like to, could not heretofore consider living in this ideal home locality, and for one reason: the absence of adequate fast transportation. To these people, then, and to thousands of others, the new extension of the North Shore Line Railroad brings welcome news.

An existing arm of the North Shore Line, serving the towns of Mundelein and Libertyville in the Lake County Countryside, has already been double tracked. Early in 1926 the new Skokie Valley Division, connecting with the Mundelein-Libertyville division, will be completed, affording fast, frequent, through service to downtown Chicago.

Mundelein and Libertyville are established towns, with good schools, stores, churches and all modern home conveniences. These ideal home communities offer you all the allurements of the country plus the home comforts of a large city.
