

"PRESENT TENSE" IS SUBJECT OF SERMON

At the Winnetka Congregational church tomorrow the Rev. James A. Richards will preach on the topic, "The Present Tense." The church school began last Sunday with a large attendance. A week from tomorrow the Men's and Women's Bible classes will start their regular sessions. Conditions seem to indicate a prosperous new season for the church organizations.

"The statement is often made," comments a church official, "that the present is the most thrilling and important time even if the future has a very alluring glow and the past its pleasant memories. Are not the great days of religious power receding? Is it not in a weakened condition waiting for some great future awakening? Could it be possible that here and now religion is the greatest force in the world?"

What Mr. Richards says on the subject will be not simply from the standpoint of a preacher but quite as much from that of a well-informed thoughtful, clear-eyed citizen of the world. The music will be up to its usual high standard. Miss Lacy and Mrs. Slade will sing, "They shall hunger no more," from Gaul's, "Holy City" and "Power Eternal," from Rossini's "Stabat Mater."

H. O. Olney Speaker at Evangelical Services

H. O. Olney will be the speaker at the Scandinavian Evangelical church services Sunday evening, September 27, at 8 o'clock, in the church edifice at 886 Elm street. Bible school will convene at 10:30 o'clock in the morning, and the young people will have their services at 5 o'clock. Miss C. Jensen will sing at the evening services.

ATTEND EATON FUNERAL

William B. Moulton, William P. Sidley, John Vennema, Laird Bell, William D. McKenzie and Roger Sherman were the Winnetka men who represented the Chicago Bar association, Union League and Hamilton clubs at the funeral services Monday of this week for the late Marquis Eaton, well known Chicago lawyer and for many years chairman of the Chicago chapter of the American Red Cross.

Holden Anderson is returning to the University of Wisconsin this fall as a sophomore. Elbridge Anderson will enter his first year at Wisconsin.

Dr. and Mrs. Delbert W. Poff, of 739 Walden road have as their house guests, Mr. and Mrs. William Noymer of California.

Miss Beatrice Ripley, 29 Indian Hill road, has departed for Vassar to begin her freshman year.

Camp Fire Girls Make Plans For Year's Work

Camp Fire Girls in Winnetka are planning to keep their "Fire" burning more brightly than ever this coming year. New groups are being formed, and the winter's programs are being carefully planned. A meeting of the guardian's was held Friday afternoon with the chairman of the Guardians, Mrs. E. W. Wortly, in Community House to perfect some of these plans.

Camp Fire Girls will meet in Community House on Thursday afternoons. The public schools made it possible for all the groups to meet at one time, by clearing that afternoon of school activities. This co-operation on the part of the schools will make possible some of the large group work and special activities of Camp Fire. This calls, also, for the constant co-operation on the part of the parents, it is pointed out. It will be possible for Camp Fire groups of young girls to meet at 3:30 o'clock and be home before dark, as the schools let out earlier on Thursdays. Parents are expected to co-operate by urging upon the girls the prompt and regular attendance that is so essential to the success of Camp Fire.

Issue Many Permits For New Homes in Winnetka

Numerous permits for new residences, buildings, additions and garages for existing structures have been issued by the Village recently. Those building new homes are Joseph F. Wolf, a frame residence at 250 Poplar street, to cost \$9,000; J. F. Fucik, a brick residence with attached garage at 625 Hill road, costing \$10,000; William Campbell Wright, a frame home at 1218 Oak street, to cost \$10,500; and Eric Norberg, a frame home at 192 Church road, to cost \$12,000.

Miss Frances Ranney, 1011 Oak, leaves Saturday to enter Smith college.

Mrs. M. H. Lieber Speaks Before Trade Unionists

Mrs. H. M. Lieber spoke before the tenth annual conference of Woman Trade Unionists Friday evening of this week. This conference is being held at the Bowen Country club in Waukegan. Mrs. Lieber took as her subject "The value of parliamentary law for the woman worker." Mrs. Lieber will teach parliamentary law and public speaking in the Women's Trade Union league in Chicago this coming season.

1144 Children Attending Winnetka Public Schools

Enrollment figures for the Winnetka public schools total 1,144 this year, it was announced by Superintendent of Schools Carleton W. Washburne this week. This is a larger number than the schools have ever before been

called upon to handle, it was said. The Hubbard Woods school is in the lead, with 450 pupils, Horace Mann school is next with 430, Skokie has 278 and Greeley school 286. In spite of the large number to register there is ample room to accommodate them without crowding, it was said.

BIG PROFITS IN FLORIDA

Fortunes are being made every day in the greatest land boom in the history of the world. Get your share of these profits before it is too late. You don't have to go to Florida to participate in Florida prosperity. Right here and now you can get in on the ground floor with a very moderate investment, if you act quickly, before prices advance to the dizzy heights obtaining at Miami. But don't delay—prices advance over night in Florida. We own and offer for a limited time, a small block of very desirable business and residence lots on beautiful Merritt's Island, ON THE EAST COAST, at prices ranging from \$1,500 to as low as \$250. It is predicted that these lots will double or treble in value in a few months, as is happening constantly in Florida. Here's your chance! Strike while the iron is hot—opportunity knocks on your door but once. Titles guaranteed and abstracts furnished by the First Trust & Savings Bank of Miami. According to all reports, Merritt's Island is in the initial stages of a big boom. The Miami Herald on Sept. 14th announced that Wm. Mac Adoo and the Taatums, the builders of the Florida East Coast Ry. and the most prominent developers in Florida, have just bought over one thousand acres on Merritt's Island and will spend over a million dollars in immediate development. This means increased values and substantial profits to holders of Merritt's Island Property. Why pay fancy prices for interior property when you can get splendid homesites on the EAST COAST, WHERE THE BIG PROFITS HAVE BEEN MADE AND WILL CONTINUE TO BE MADE, at rock bottom prices? Florida has the lowest death rate of any state in the Union, the finest winter climate and most fertile soil in the United States. Four crops can be grown on the same land in one year. Think of the yield and crop value per acre. 80% of the world's output of phosphate is mined in Florida. It is the only state in the Union which has the three fundamentals of agriculture—sunshine, moisture and phosphate. With the millions which are going into permanent development, Florida's continued prosperity is assured. This so-called boom is not a "flash in the pan." Read what Barron Collier, who has invested vast sums in Florida in the past ten years, has to say in Forbes Magazine of Sept. 15th: "Florida's so-called boom is different from any other boom in history, for Florida's boom will last. Why? Because it is nothing but the visible symptom of bringing into use the vast richness of the land itself." For further information, plats, terms, etc., telephone Wilmette 698.
