

### 40 Percent of N. U. Frosh Are Top-Notch

That careful selection of students coming from high schools and preparatory schools to Northwestern university is a worth-while educational experiment is demonstrated by an analysis of the incoming freshmen, 40 per cent of whom are reported in the top-most group of students as compared with 26 per cent four years ago and 28 per cent two years ago. Personnel Director L. B. Hopkins regards this showing as exceptionally strong, he told President Walter Dill Scott. In the second quarter are 28 per cent of the yearlings, in the third quarter 24 per cent, and in the lowest group this year only four per cent of the freshman appear. High school principals furnish reports upon standings and that 40 per cent of the Freshman class at Northwestern are the cream of the prep school graduates this year, is regarded by the university's authorities as unusually fortunate.

Meanwhile registration at Northwestern is continuing. Liberal Arts is up 15 per cent over a year ago, with 2,100. The Engineering school with 183 is ahead of last year by nine per cent, with a likelihood that the 200 mark will be reached; registration in the School of Speech is nearly 250, as compared with 237 last year, while music, commerce, engineering and all the professional schools downtown are reporting attendance increases of from 10 to 25 per cent.

### Winnetkan Inspects Big Development in Florida

Mr. Myron T. Harshaw, 1096 Oak street, who represents the New Business Corporation of Chicago, was the guest of A. L. Kurtz and J. P. Yoder, formerly of Winnetka, at a recent private dinner party given in his honor at the Coral Gables, Florida Golf and Country club. Mr. Harshaw, who is on a business swing of the country, included Miami in his itinerary, and expressed himself as being amazed at the progress made by Coral Gables in the short years of its existence, it was said.

### Gertrude H. Lieber Talks Before Vocational League

Mrs. Gertrude H. Lieber, of Winnetka, prominent lecturer on educational subjects, spoke at the first meeting this year of the Vocational Supervision league of Chicago, was held recently at the Chicago Woman's club. The Vocational Supervision league helps to keep in school poor children who would otherwise have to cut their schooling short and go to work to help support their families. In cases of this kind varying amounts of money, from \$7 to \$20 a month are contributed by the league to the family, and the child is allowed another year or so of schooling. Many north shore organizations help in this charitable work and the Winnetka Woman's club contributes about \$200 annually to this cause.

During the week to their departure for Florida Tuesday, Dr. and Mrs. Delbert W. Poff of 739 Walden road have been entertained at dinner by friends and groups of friends every night, and Sunday a tea will be given in their honor. Dr. and Mrs. Poff will remain in the South three or four months. They have rented their house to Mr. and Mrs. Robert Zeddies.
