"Non-Drinker" Fined for Being Intoxicated

Theodore Kinsch, 418 Eugene street, Chicago, was fined \$50 and costs by Police Magistrate D. M. Mickey Monday of this week, on a charge of driving a motor car while intoxicated. Kinsch was arrested on Ridge avenue Saturday evening by Motorcycle Policeman John DeGroot, when the latter noticed him steering from one side of the road to the other. Two partially full bottles of liquor and a number of empty ones were found in Kinsch's car, the police assert. Mrs. Kinsch informed Magistrate Mickey that her husband hadn't taken a drink in 18 years.

Something about the Color "Yellow" in Soap

Do you know that the true natural color of the purest laundry soap is yellow?

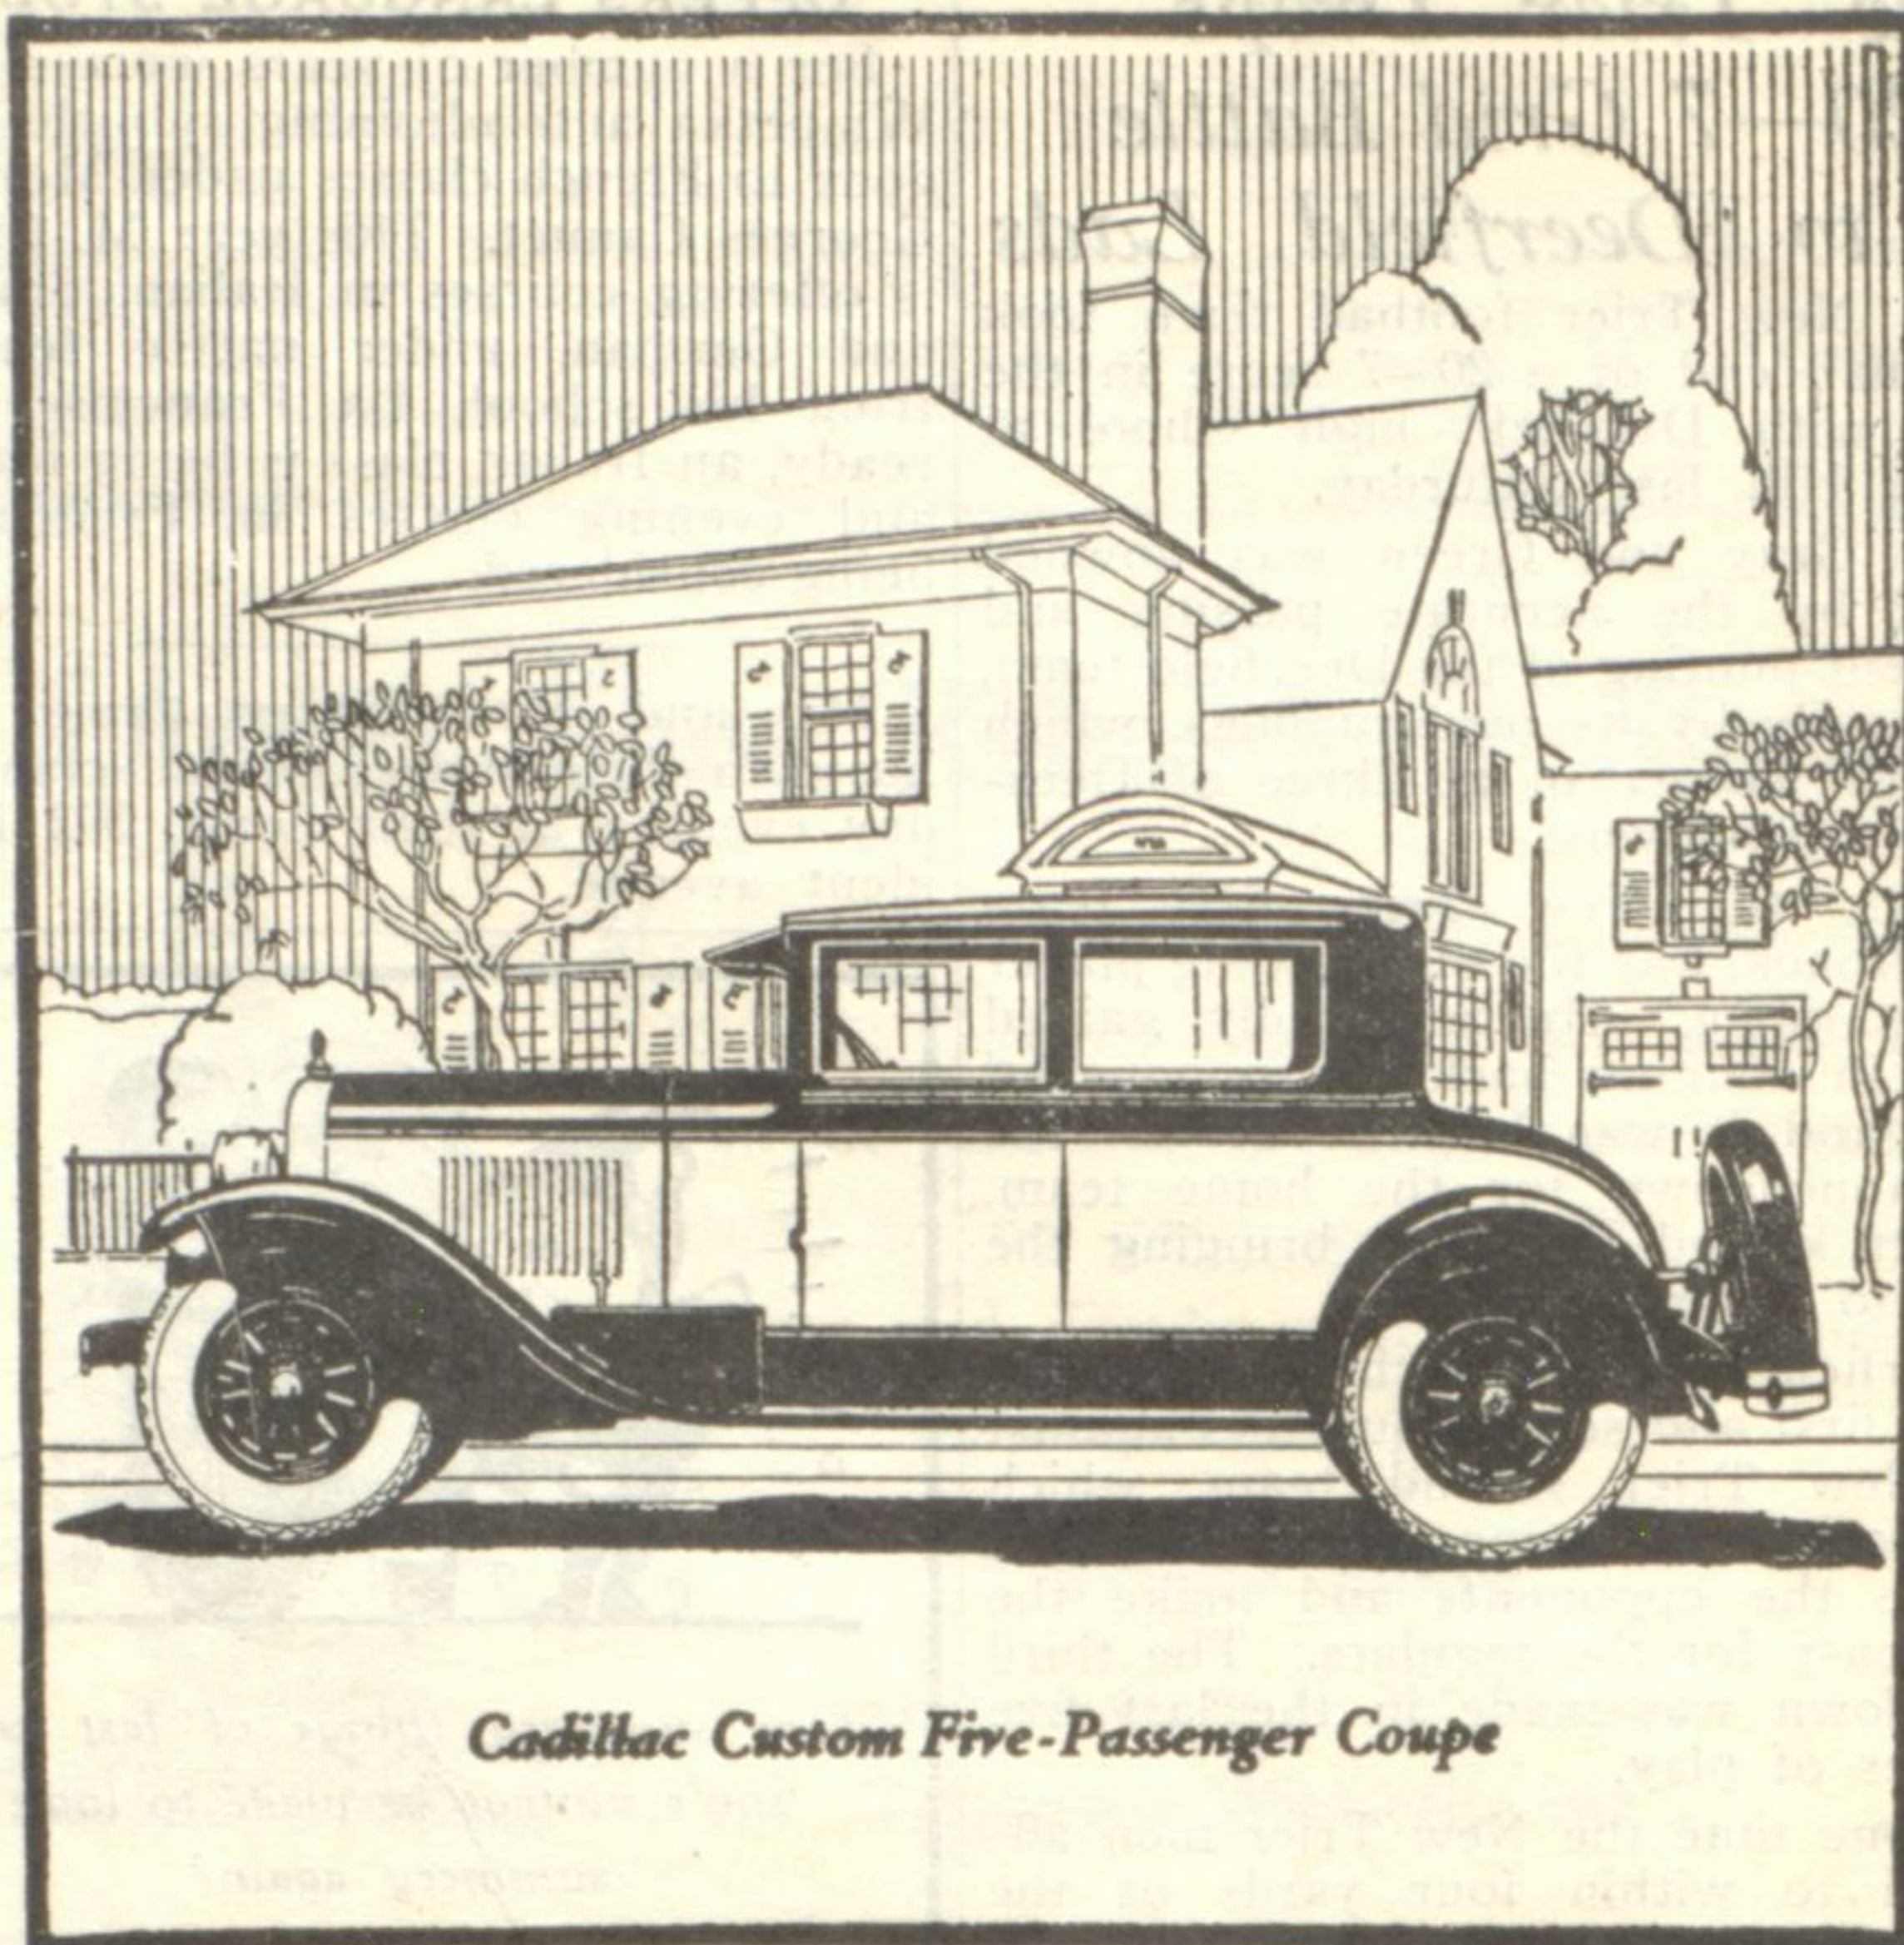

American Family has been yellow for 83 years; we couldn't change the color, unless we use strong bleaches or chemicals. It is the natural color of the pure materials used.

This big wholesome bar of soap is the purest; finest you can buy — no matter what you pay.

Will clean your daintiest and roughest clothes in the quickest time and safely, too.

Simplicity in the NEW CADILLAC

Only a gigantic organization such as Cadillac, containing within itself the necessary resources of men and machinery, could institute improvements and refinements at once so vast and so minute as those of the new Cadillac.

In this new Cadillac engine, for example, there are no rocker arms or levers. The valve action is positive and direct. The cam slides or tappets through which the valves are opened and closed are operated directly from the camshaft by means of rollers contained in the cam slides themselves.

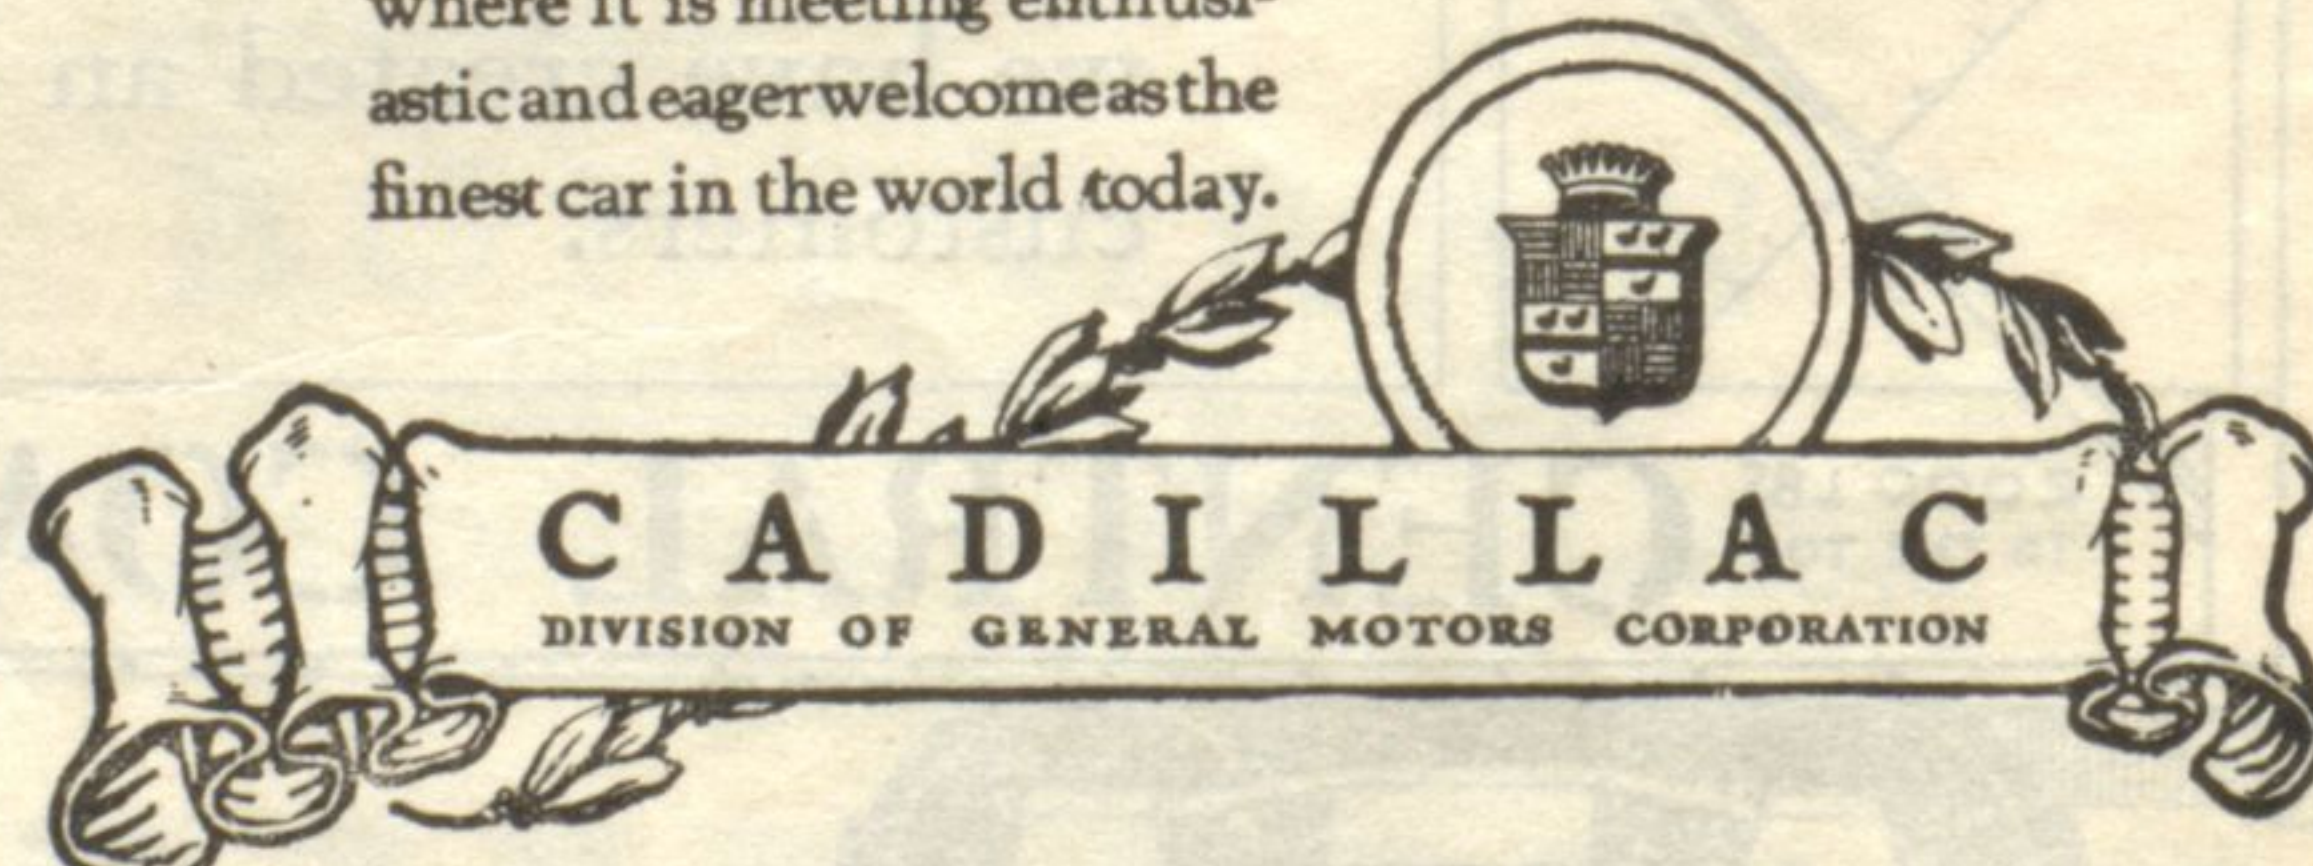

This ultra-refinement eliminates thirty-two wearing surfaces. It increases the durability of the engine and makes operation even more quiet.

To guard and protect Cadillac quality in even the smallest detail has been the constant aim, and the result, in this magnificent new Cadillac, is ample reward and justification for the painstaking effort.

Try This New 90-Degree Cadillac

You will agree that it rises to heights of performance you never dreamed could be achieved. It is mobile and facile as thought—exuberantly responsive to every demand you make of it. Everywhere it is meeting enthusiastic and eager welcome as the finest car in the world today.
