

GIVE PRIZES FOR BEST SKOKIE STATION NAMES

North Shore Line Designates Sites for New Valley Route Stops; Plan Big Prize Contest

Official announcement of the definite locations for the nine stations on the new Skokie Valley route of the Chicago, North Shore and Milwaukee railroad was made this week by the company in conjunction with announcement that \$1,000 will be paid for the most appropriate names to designate the nine new stations.

In making known the official station locations and conditions for the station-naming contest, the North Shore line reports excellent progress in construction of the Skokie Valley route, which is scheduled to go into operation in the early spring of next year. Its completion will give high speed electric transportation between Chicago and the Skokie Valley, as well as through service to Mundelein and Libertyville, and will also reduce the present running time between Chicago, Waukegan, Zion, Kenosha, Racine and Milwaukee.

Nine cash awards of \$100 each will be made for the names selected for the nine stations. In addition, an extra the contestant suggesting the name judged to be the best of all those submitted. A committee of five prominent persons not connected with the North Shore line will serve as judges in selecting the winning names.

Definite locations for the Skokie Valley route stations were selected by North Shore line officials after long consideration of many possible sites, it was said. Their selections were made with a view to insuring the greatest possible convenience and satisfaction for north shore suburbanites.
