

**DISCUSS PROHIBITION**

**F. Ernest Johnson Secured as First Speaker on Chicago Forum Council Program**

"Can Prohibition Succeed?" will be the topic of the first forum meeting held by the Chicago Forum Council of which Prof. William E. Dodd of the University of Chicago, is president, it was announced this week by Fred A. Moore, executive director of the forum.

F. Ernest Johnson, who, as research secretary of the Federal Council of Churches, conducted an exhaustive independent inquiry into the successes and failures of the Volstead law, will discuss prohibition and answer the questions of wets, dries and neutrals at the initial forum meeting in the Apollo theater Sunday afternoon, November 1 at 3 o'clock.

**Cites New Solution**

Mr. Johnson, himself a dry, aroused the ire of some of his fellow dries when he announced his conclusion that prohibition thus far is neither as good as dries have claimed it to be nor as bad as the wets have asserted. What he learned about the Volstead Act, and what he thinks should be done about prohibition will be discussed in the forum which opens a series of 25 addresses on contemporary issues by distinguished speakers on successive Sunday afternoons.

The council bringing Mr. Johnson to Chicago comprises among its members Mrs. B. F. Langworthy, president of the Woman's City club, and Winnetka Village trustee; S. J. Duncan-Clark of Wilmette, and Harold L. Ickes of Hubbard Woods.

**Robins in Peace Talk**

Colonel Raymond Robins will discuss the "Outlawry of War," on Armistice Sunday, November 8; Louis Victor Eytinge, a former convict, will tell Chicago how it can control crime, on November 15, Magnus W. Alexander, president of the National Industrial Conference board will speak on November 29 and Former Governor

William E. Sweet of Colorado on December 6.

Prof. Harry F. Ward of Union Theological Seminary, New York, who has just returned from a study of the situation in China, will discuss conditions in that troubled land December 20.

A debate on the World Court with Senator Hiram Johnson of California taking the negative on that much discussed question and a well-known champion of the Court taking the affirmative, will be held December 27.

The Negro problem as a southerner sees it will be the theme of Dr. M. Ashby Jones, one of the most famous orators of the south and chairman of the Inter-racial commission. Dr. Jones is a son of the chaplain of Gen. Robert E. Lee.

**GIVES MUSICALE**

The first meeting of the Neighbors held in Kenilworth Thursday was very enjoyable. Frederick Wood had a most pleasing tenor voice and sang many delightful songs beautifully accompanied by Miss Kathleen Morris.

The opening meeting for the season of the North Shore Vassar club will be held at 3 o'clock, Monday afternoon, October 19, at the home of the president, Mrs. Donald J. Jeffris, 811 Bryant avenue, Winnetka.

**A Modern North Shore Kitchen**

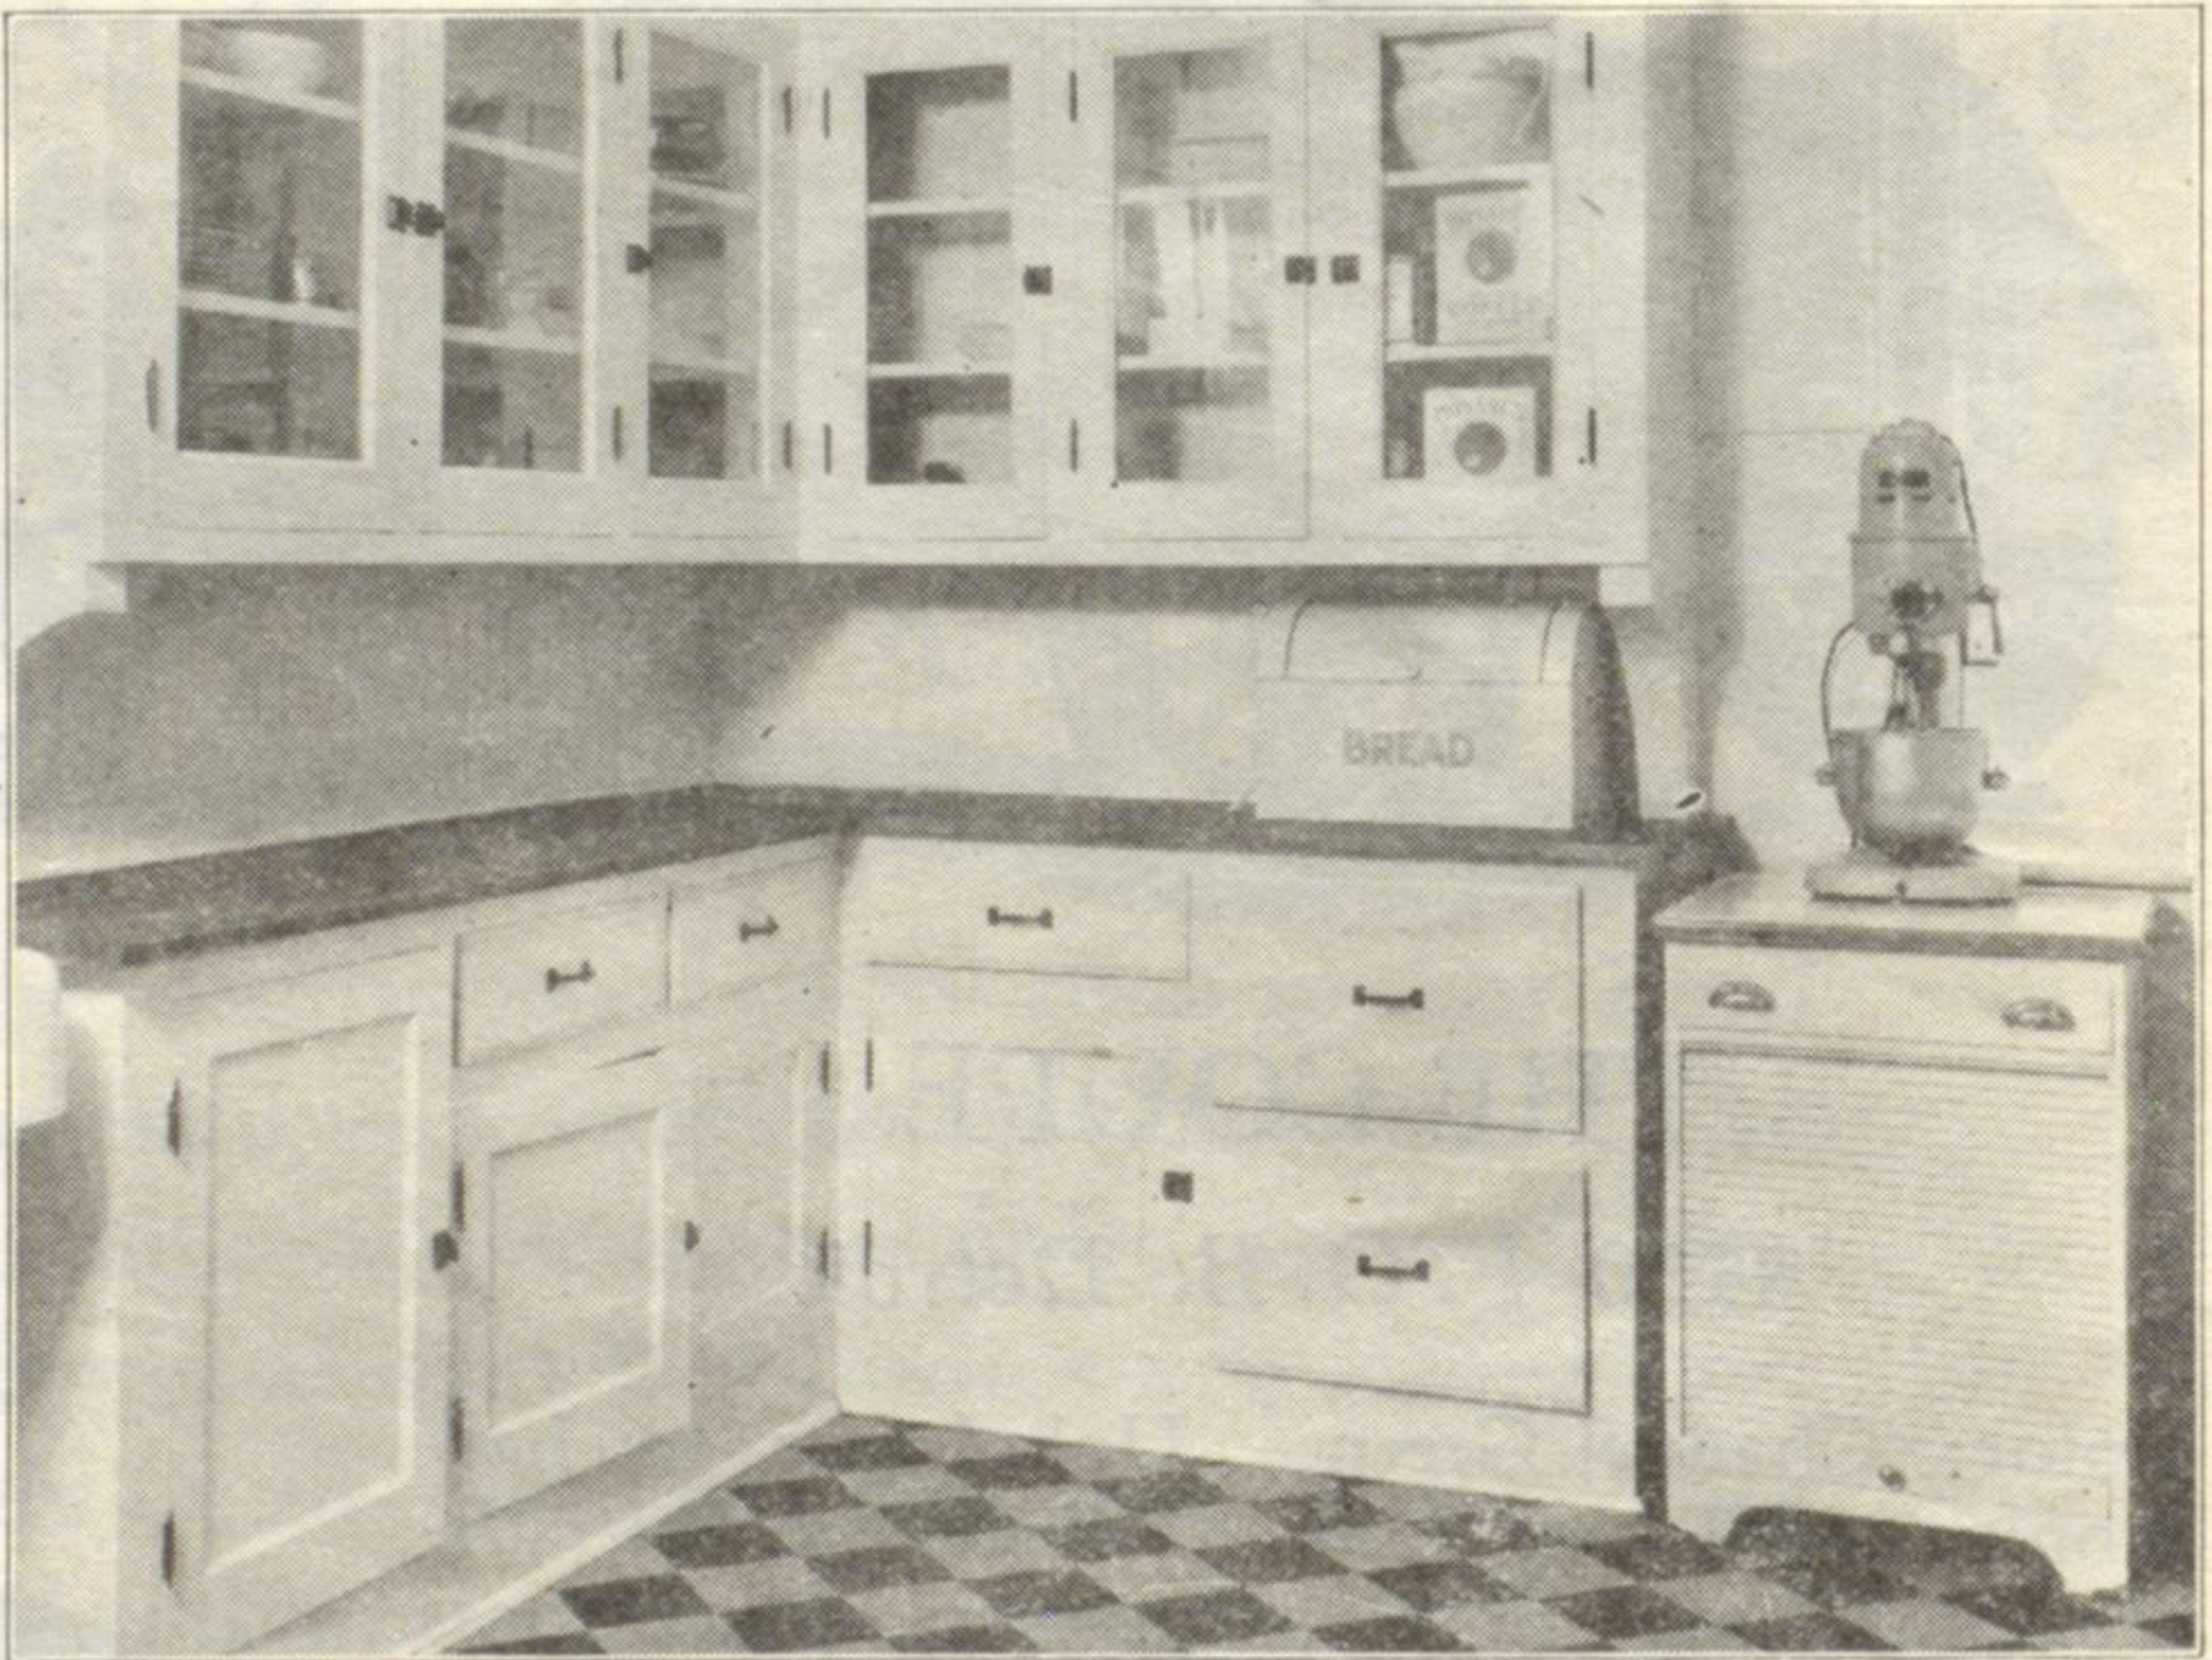

Photo by Stanton Wilhite, Winnetka

Above is a view of the kitchen in a modern Winnetka home. The outstanding features are its roominess, its sanitary aspect and equipment, and the modern Kitchen Aid machine which is seen at the right.

The housewife can now mix, beat, stir, whip, slice, chop, grind, chip ice, freeze, in fact do all of the tedious mechanical work in the preparation of delicious foods all by electricity, with the aid of this modern machine, at a cost of about one cent per hour.

This time and labor-saving machine is the most competent of housemaids. That is why Kitchen Aid is to be found in an ever-growing percentage of modern North Shore kitchens. Its success in communities like this has earned for it the endorsement of all the leading household magazines of the country: "Good Housekeeping," "Ladies Home Journal," and others. "Now the household does not seem able to get along without KitchenAid"
