

Glencoe Girl Will Marry at Scene of Parents' Wedding

An interesting wedding will take place Monday evening, October 19, at Christ church, Winnetka, when Miss Margaret Knight Shippen of Glencoe becomes the bride of Frederick Morrison Babcock of Evanston. Both of these young people are well known in these villages as they are graduates of Northwestern university. Miss

Miss Margaret Shippen

Shippen, who was a member of the class graduating last June, is a member of the Pi Beta Phi sorority. She has also been assistant librarian for several years in the Glencoe library. Mr. Babcock is a member of the Delta Tau Delta fraternity.

Many of Miss Shippen's friends will be interested to know that she has chosen Christ church as the place of her marriage rather than the St. Elisabeth's church in Glencoe, which she attends, because her father and mother were united there.

Her bridal party will wear autumn colors, and Miss Shippen will be attired in white satin-backed crepe made with a train. Her oldest sister, Miss Gertrude Shippen, who will be her maid of honor, will wear yellow georgette over a green gold slip. Her bridesmaids, her sister, Miss Dorothy Shippen, Miss Beulah Francoeur, and Miss Theodosia Paynter, of Glencoe, will have frocks of chrysanthemum and red shades over silver cloth.

The church, beautiful in itself, will be very simply decorated with white flowers. Rev. J. K. Coolidge of Glencoe, assisted by the Rev. E. Ashley Gerhard of Winnetka, will perform the ceremony.

The wedding will be followed by a small reception for relatives and the bridal party at the Shippen home in Glencoe.

Winnetka Baseball Club Ends Successful Season

The Winnetka baseball team has terminated its season's schedule and has requested WINNETKA TALK to convey to fandom of the village its sincere appreciation of the splendid support, morally and financially, accorded the club during the season. The team management also is pleased to announce that it has come out of the season's play without slipping into debt.

The team annexed 10 victories and dropped only five games during the season, according to H. M. Carpenter, manager.

"We closed with our books in good shape," Manager Carpenter said, "and we certainly are indebted to the loyal fans for such a successful season."

Classes at New Trier Name Officers for Year

Thomas Copeland of Evanston, formerly of Wilmette, was elected president of the Junior class at New Trier High school this week. Other officers of the class are Helen Wray of Wilmette, vice-president; Walter Neubacher of Winnetka, treasurer, and Harriet Mons of Kenilworth, secretary.

Officers of the Sophomore class, also elected this week, are: Stephen Harwood of Wilmette, president; Doris Fraser of Kenilworth, vice-

president; Jack Leach of Wilmette, treasurer, and Dorothy Hartmann of Wilmette, secretary.

Officers of the Senior class were elected two weeks ago. They were announced in a previous issue.

The Frank C. Browns, residents of Highland Park for many years, have sold their home and have moved to Winnetka where they expect to reside permanently.

Mrs. Wharton Clay of Winnetka, left recently for Florida, where she will remain until April. Mr. Clay is now spending a month in the East.

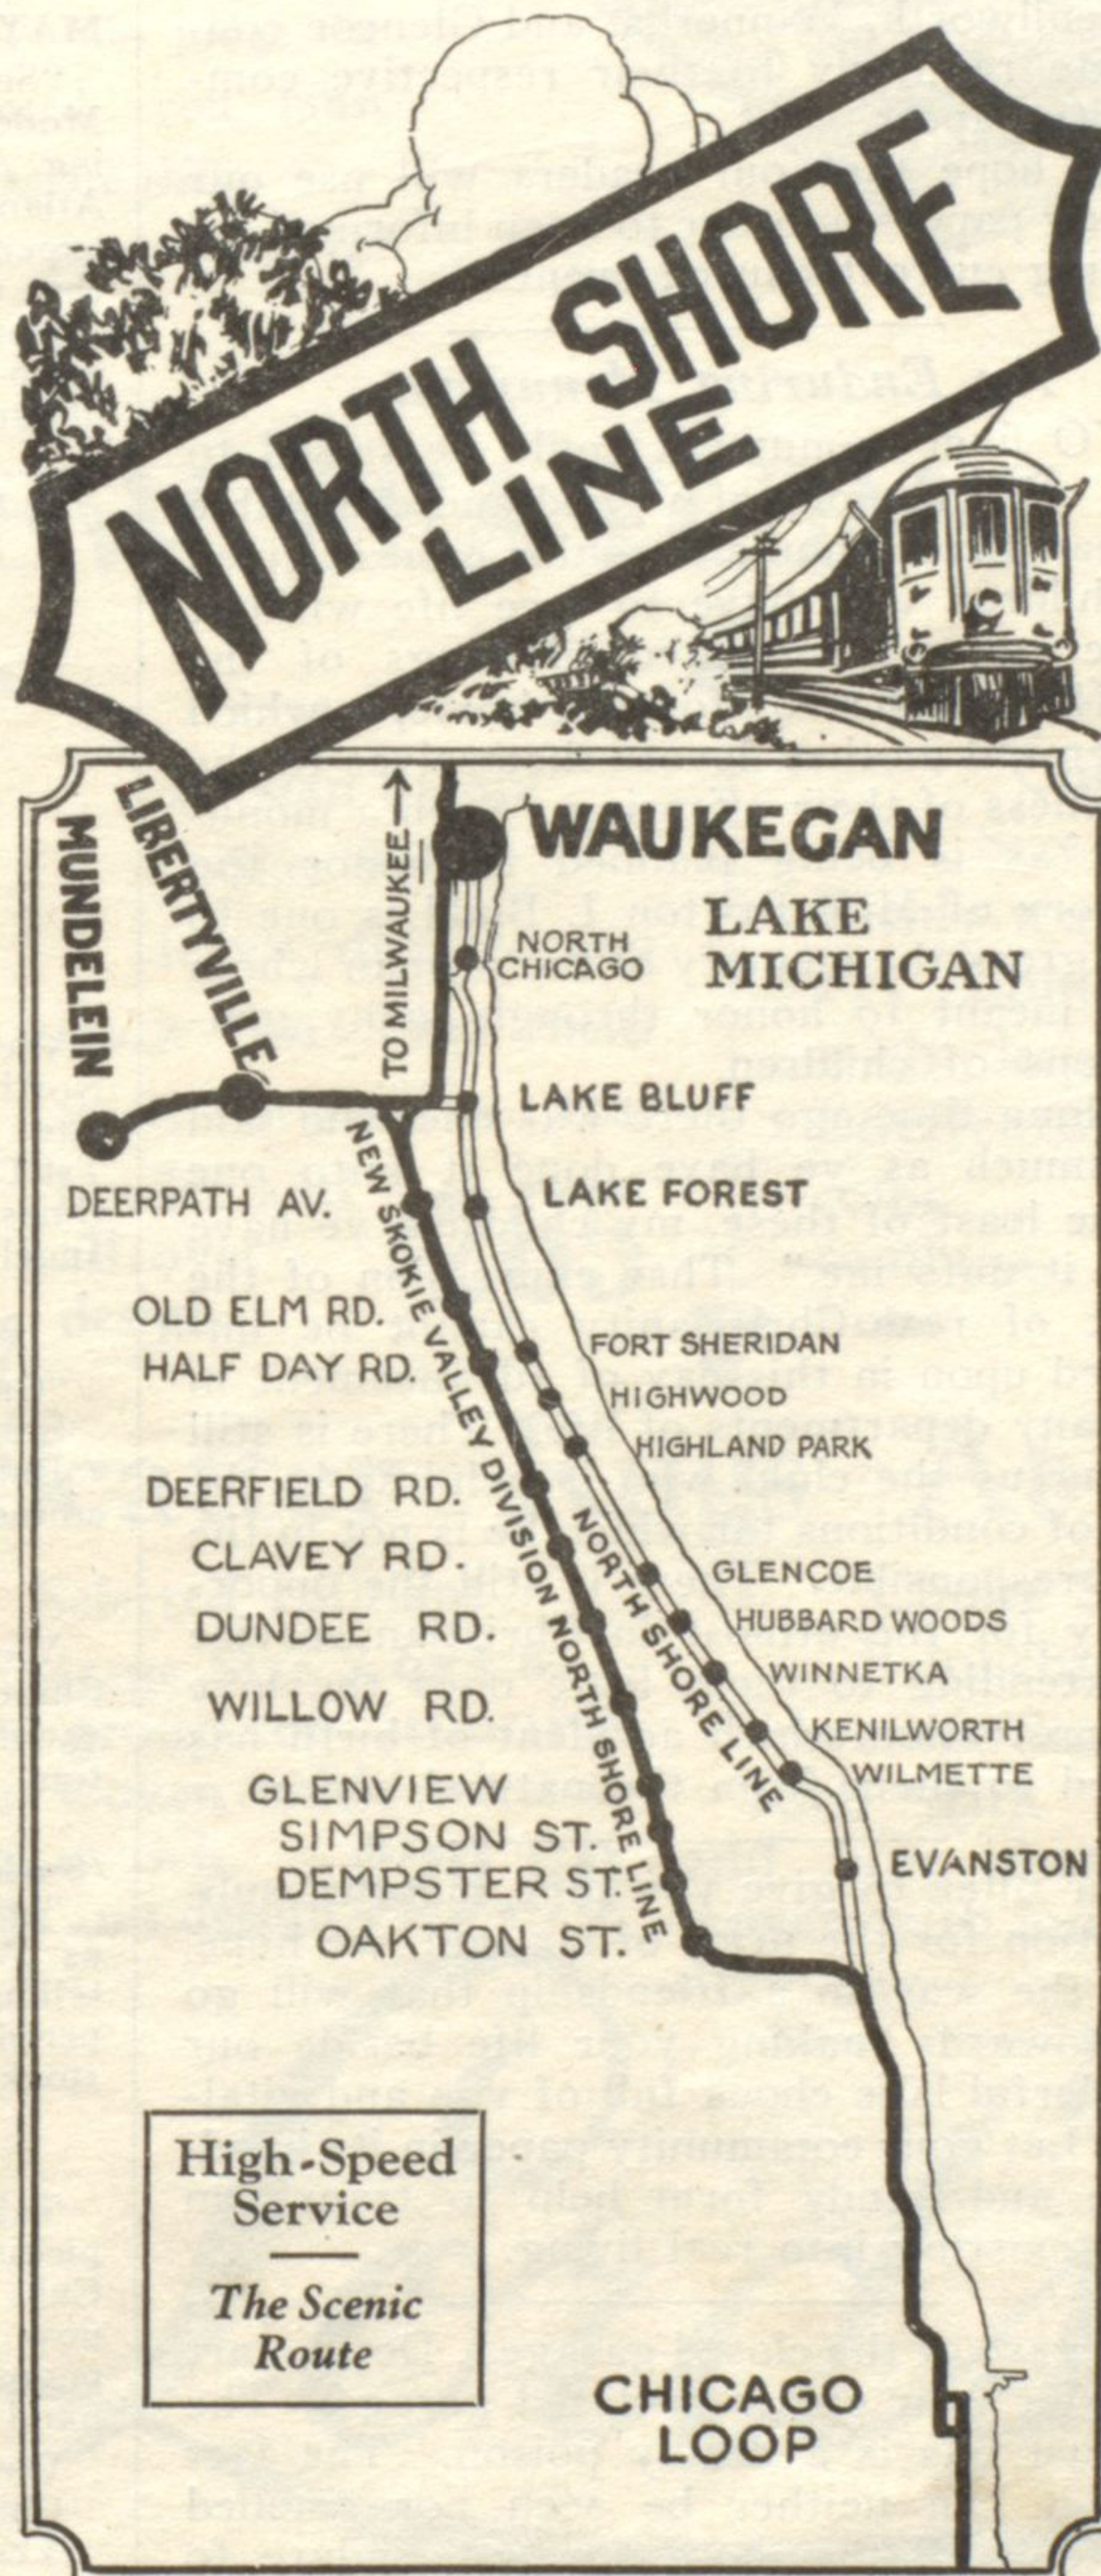

AMATEUR

While one cannot say that the local amateur dramatic season is in full swing, "bits" have been performed this week which indicate that it is close at hand. Pupils of the Skokie school at Winnetka were responsible for the initial undertaking, giving us a well staged and carefully directed pageant of 'Columbus.'

The second venture consisted of a one-act play of Alice Gerstenberg's, 'Fourteen,' which was given by the Community Drama Players at Community House, Winnetka, in connection with the fall opening of that institution. —Thespian

New Skokie Valley Division

will bring high-speed electrified transportation to one of Chicago's most attractive home areas

FOURTEEN thousand inhabitants for every square mile of its area—that is the average density of population in Chicago. Compare this with Kansas City, which houses only 5,593 people per square mile; or with New Orleans, which has a population of 2,175 per square mile; or with Los Angeles, where there is an average of only 1,563 inhabitants to each square mile.

Such comparisons make one realize the great need for new, spacious suburban communities within easy commuting distance of Chicago—communities accessible to the city, yet removed from its bustle and congestion. The new Skokie Valley Division of the North Shore Line, now under construction, will help to fill this great need.

Early in 1926, this new Division will be completed. Then will be available a fast, frequent, electrified transportation service direct from Libertyville and Mundelein, in the Lake County Countryside, to the loop district of Chicago. Already, the North Shore Line serves these attractive towns; any North Shore Line ticket agent will tell you how to get there. But service will be faster—and direct-without-change—when the new high-speed Division is completed.

This beautiful, rolling, wooded home section already possesses city conveniences—electricity, gas, water, stores and schools. Now comes the final and most important of all necessities—high-speed transportation!

Chicago North Shore and Milwaukee Railroad Co.
