

Reynolds Do Great Work; But are Hit by Chinese Famine

At a recent luncheon in Chicago, some members of the Winnetka Congregational church were delighted to meet some world travelers returned from the Orient, and have them say that the mission station in Shansi, China, where Rev. and Mrs. Paul R. Reynolds, Winnetka church missionaries are located, is about the best organized and most business-like and efficient station they had found anywhere. They were especially enthusiastic about the work Mr. and Mrs. Reynolds are doing and about the elevated spirit of the whole place.

The only disturbing report was that both Mr. and Mrs. Reynolds are under weight. This is because there has been a famine in the region and they did not feel they could eat nourishing food while others were starving. Pressure, however, has been brought to bear upon them to take care of themselves in view of the great value they have to the work. When asked about their children, Mr. and Mrs. Reynolds responded that they have a flock of eight white goats to furnish the little ones with milk.

Country Day Vacation Fair Is Huge Success

Rain failed to drive away the crowds which attended the annual Vacation fair, held at the North Shore Country Day school last Friday afternoon and pupils of the school declared this week that it was a great success. The fair was staged entirely by the pupils themselves with the cooperation of the faculty, and was an exhibit of vacation activities. Interesting features were displayed of handicraft and a pet show, in which every conceivable kind of a pet was entered. Many articles made by the children were on sale.
