

Counsel

THE MORE one deals with a Bank, the more he or she realizes that Banks are intensely human institutions.

A Bank is vastly more than a mere strong-box. It must be friendly, helpful, constructive—a power for community welfare through liberal community helpfulness.

Feel free to ask our counsel on financial matters at any time. Our officers regard your consultation as a benefit for mutual good. Know this as “the friendly bank.”

A State Bank

WINNETKA TRUST *and* SAVINGS BANK

Elm Street at Center

LEE SAYS:

TWENTY-FIVE years ago
when
A MAN drove into Winnetka
IN AN automobile just
ABOUT everybody rushed
OUT to see the strange
SIGHT and some of us
SHOOK our heads and
SAID the blamed things
WOULD never be practical
BECAUSE we'd never be
ABLE to get the horses
USED to 'em; and now
AN airplane can buzz
ALONG overhead and the
GENERAL public will
HARDLY take the trouble
TO look up,—and right in
LINE with the progress
OF THE times we want
TO mention Lee's
COUGH-SYRUP which
RANKS with the
AIRPLANE and the
RADIO among our
MODERN achievements
AND adds much to
THE pleasure of
MANKIND.
