

**MacDowell Society
of North Shore Will
Meet on October 27**

The North Shore MacDowell society will meet at the home of Mr. and Mrs. Albert J. Metzger, Sycamore place, Highland Park, Tuesday, October 27, at 8 o'clock in the evening. Albin Polasek, director of sculpture at the Art Institute of Chicago, will speak.

The society expects great things for itself this coming year. This organization contributes to the maintenance of the MacDowell Colony at Petersborough, N. H., which affords opportunities for the development of a national art. This colony is not confined to one art alone, and painters, sculptors, poets, playwrights, novelists, and composers have worked together in this spot, which it is stated, is free from sentimentality and based upon sound business principles.

The evening meetings of the North Shore MacDowell society offer programs given by exceptional artists and people of note in the artistic world.
