Skokie School Invites Parents to Its Classes

The Parent-Teacher association of the Skokie school will meet Monday evening, November 9, at the school, when the parents will follow the regular program of their children and attend all classes, affording them an opportunity to become better acquainted with the work and with the teachers. It is hoped in that way to promote a better understanding of school problems in the homes of the village and establish an even closer relation than has obtained before. The program will start at 7:30 o'clock. All parents of children attending the Skokie school are urged to be present.

Mrs. Randolph Buck has recently returned from a month's trip. She spent about half the time with her daughter in Connecticut and the remainder of the time motoring and visiting in the historic part of Virginia.

Our meat bills seem to grow larger every week, in spite of the fact that I have been buying in the City and carrying our meats home for the past two months.

Well, Happy, I have tried that same stunt for the last time, for even if you can make a small saving it is not worth while for a busy man. I leave it to PETERS MARKET. If you will watch their Saturday specials and buy accordingly you will actually save money and be sure of their high quality meats at all times.
