

### Local Hockeyites Win Easy Victory over Evanstonians

Winnetka's field hockey team enjoyed an easy victory over the Evanston contingent in the women's hockey circuit Tuesday of this week, achieving a final score of 14 to 2. Miss Dorothy Klotz was high scorer with 6, while Mrs. W. Dow Harvey was second with 4 and Miss Montgomery and Mrs. McLaren had 3 and 1, respectively. Winnetka's line-up was Mrs. McLaren, Miss Montgomery, Mrs. Harvey, Miss Helen Davis, Mrs. Walter Fisher, Mrs. Paul Starr, Mrs. Herbert Brown, Mrs. Henry Tenney, Mrs. Emmons Blaine, Jr., Mrs. Taylor, Mrs. Henry Urion and Miss Klotz.

In Tuesday's fray Mrs. Paul Starr sustained a severe injury when she was struck in the face with a hockey stick. She was taken to the Evanston hospital. The injury was said not to be serious.

The Winnetkans were scheduled to meet the Lincoln Park hockeyites Friday morning of this week at Lincoln Park. The disbanded Lake Forest team has provided several star players for the Chicago aggregation and a real battle was anticipated.

The second Winnetka team recently elected Mrs. Henry Urion as captain and Mrs. Thomas Hearne as manager.

### Board Faces Problem of Sidewalk Repairing Here

Attention of the Village council was called to the matter of sidewalk repairs in a letter from a resident of Provident avenue, received at the council meeting Tuesday evening. The letter complained of the condition of the sidewalk on Elm street near Provident avenue, which, it is asserted, is under inches of water when there is a heavy rain, and is covered with ice and slush in winter. Village Manager H. L. Woolhiser told the council that a survey of all sidewalks in the village, made recently, showed that there were about 150 places that needed repairs. He asked the advice of the council in the matter of proceeding with a general plan of inducing property owners to repair their sidewalks where it is needed. The matter was referred to the streets, drainage and forestry committee for further consideration.
