

Repeal Bond Ordinance for Filtration Plant Addition

Because no definite agreement with officials of the Village of Glencoe, in regard to the new water contract has been reached, the Winnetka Village council repealed the ordinance providing for a bond issue for the construction of the filtration plant addition. This ordinance provided for a referendum election December 1, on the issuance of \$150,000 in filtration bonds. It was explained that in the event that Glencoe does not renew its water contract, which runs out in 1927 the present capacity of the water plant will be adequate to serve Winnetka for several years, and that until it is known definitely that Glencoe will renew its contract it is impossible to provide the additional facilities which would not be needed by Winnetka alone.

Mrs. Paul D. Blake of 439 Linden avenue, is expecting as her house guest next week, Mrs. F. B. Byrne of the Isle of Pines. Mrs. Byrne lived in Glencoe for many years and has many friends in the north shore villages.

Mrs. Clarence Happ, who has been ill at the Evanston hospital where she underwent an operation for appendicitis, is now convalescing at her home at 306 Walnut street.

"We may live without poetry,
music and art;
We may live without consci-
ousness,
We may live without heart,
We may live without books.
What is knowledge but griev-
ing?
We may live without hope.
What is hope but deceiving?
We may live without love.
What is passion but pining?
But where is the man that can
'live without dining?"
