

Speeders Top List in Arrests; Fires Few in Past Month

Village Manager H. L. Woolhiser presented the reports for the month of September of the fire and police departments at the council meeting Tuesday evening.

The fire report showed that during September there were only two fires, both in motor vehicles. There was no damage reported. There were 19 inspections made and in six cases recommendations for changes were made. The police report showed more than 201 arrests during the month. Of this number 191 were speed and traffic arrests. There were two burglaries, both of which occurred in the daytime when the families were at home. No automobiles were stolen. The health report for October, which was also read, showed that there were only eight cases of contagious disease in Winnetka during the month. There were four cases of chicken-pox, two of diphtheria, one of whooping cough and one of mumps.

May Place Traffic Signs at Hubbard Woods Corner

The need for traffic signals at Linden avenue and Tower road and at Linden avenue and Gage street, in the newly paved Hubbard Woods business district was discussed at the council meeting held Tuesday evening. Village Manager H. L. Woolhiser reported that he had asked the Chicago Motor club to place "slow" signs at Linden avenue and Tower road and that they had agreed to do so, but had not erected them as yet. He expressed the opinion that "mush-room" lights should eventually be placed at both intersections. The matter was referred to the streets, drainage and forestry committee which is to cooperate with the village manager in investigating the matter.

RENAME BYRON TO BOARD

Charles L. Byron was re-appointed a member of the Winnetka zoning board of appeals for a five year term at the village council meeting held Tuesday evening. This action was taken at the suggestion of Robert Kingery, chairman of the board.

The best judges of Kleen-Heet are the people who own them. We want you to talk to Kleen-Heet owners right here in town to learn from their own experience what Kleen-Heet can do for you.

They'll tell you that Kleen-Heet is absolutely automatic—that, cold days or mild, they never lift a finger—Kleen-Heet does it all, automatically. Free forever from furnace slavery—from underheated or overheated homes—they let Kleen-Heet do the work and take the worry.

There must be a reason why in Chicago, the most competitive of all oil burner markets, more Kleen-Heets were installed last year, than any two other makes combined. Kleen-Heet owners here are getting the same faithful, economic results that Kleen-Heet has given for five years in over 20,000 homes.

Let us make an appointment for you to talk to a Kleen-Heet owner in your neighborhood—to see Kleen-Heet at work in a home. You, too will want Kleen-Heet this winter. And you can have it, if you ACT NOW! Only a small deposit down. Then easy monthly payments.
