

A State Bank

## The Check Book Is Mightier than the Pocket Book

**Y**OUR lost pocketbook is as valuable to the finder as its contents would have made it to you. But if you lose your check book, the blank slips of paper become of no value to anyone who may pick it up.

Money in the pocket is spent quickly. Money in a checking account fosters economy. Currency applied on an account does not always constitute proof of payment. A cancelled check is a positive receipt.

Your checking account at this bank identifies you with a financial institution of integrity and genuine helpfulness.

## LEE SAYS:

WELL, men, we've got a NEW slant on the QUESTION of ladies' HATS—a certain lady of OUR acquaintance says THAT women never wear OUT their hats, they JUST get tired of them AND want new ones—and SHE suggests that we START a millinery exchange HERE at our store and INVITE the ladies to BRING in all the hats THEY'VE grown tired of AND exchange them for OTHERS, but we're afraid TO tackle it because THEY might want us to HELP try them on and WE just know we WOULDN'T be worth a CUSS at that kind of WORK—besides, running an ORDINARY drug business IS no sweet summer's DREAM in itself without ANY millinery COMPLICATIONS.

Full line of toilet sets  
now on display.

Make your Christmas  
selection now while  
our stock is complete.
