

ADMITS BURGLAR JOBS

Chicago Police Capture One of Trio of Thieves Who Stole Car Here and Looted Home in Winnetka

Burglars who stole a car in Wilmette Wednesday evening of last week and broke into a house in Winnetka the following Sunday evening, stealing \$1,200 worth of valuables, lost all their plunder when they were halted while speeding through Chicago late Sunday night. One was captured and two others escaped.

The burglars stole a Cadillac car belonging to Carl J. Zipprich, 623 Forest avenue, from his garage on Wednesday evening, November 12. The theft was discovered in the morning and Wilmette police notified the Chicago department, asking them to be on the lookout for the car.

The burglars broke into the home of C. H. Kallstedt, 500 Hawthorne lane, Winnetka, last Sunday evening, while the family was away, and took furs, clothing, jewelry and cash with a total value of \$1,200. They were speeding south through Lincoln Park when a motorcycle policeman attempted to stop them. They made an effort to outdistance him, and when unsuccessful, stopped the car and fled on foot through the park. The policeman fired several shots at the trio and finally captured one who was taken to the Chicago avenue police station where he was held for North Shore police. The loot was found in the automobile.

Mrs. Robert Mehren, 785 Walden road, was hostess Monday to sixteen guests at luncheon and bridge. The guests of honor were Mrs. G. A. Appelt of Los Angeles and Mrs. Shanahan of Evanston. Many parties have been given in honor of Mrs. Appelt who is leaving Sunday for California.

Saturday, November 28

Open.

Editor's Note: Community House has announced its willingness to serve as a bureau for the scheduling of future events, the purpose in mind being to avoid, in so far as possible, conflict of dates in the instance of activities that attract considerable numbers of villagers. A call to Community House offices may avoid such unfortunate circumstances and makes for larger attendances at meetings.

Sarg's Marionettes Will Be With Us Very Soon.

Tony Sarg's marionettes are coming to Winnetka again. They will give two performances of "Treasure Island" at Skokie school Wednesday, December 2. There will be an afternoon performance for the special benefit of the children and an evening performance for adults. The play to be given will be particularly interesting both to the children and their parents, as it is one of those tales for young and old alike which never grows old. Tony Sarg's marionettes are the most advanced type shown in this country and are perhaps the most artistically decorated of any in the world. Tickets for the performances will be on sale at the Community pharmacy and at the Hubbard Woods pharmacy, it is announced.

Have you seen the new tableware?

It is solid—No Plating.

Wears like steel, looks just like gold, truly beautiful.

Quite in tone, simple in detail and standard in pattern.

Will outlive the changing fads of design seen in ordinary tableware.

Dirigold does not tarnish readily. It cleans more easily than silver and not affected by ordinary acids in foods or fruits.

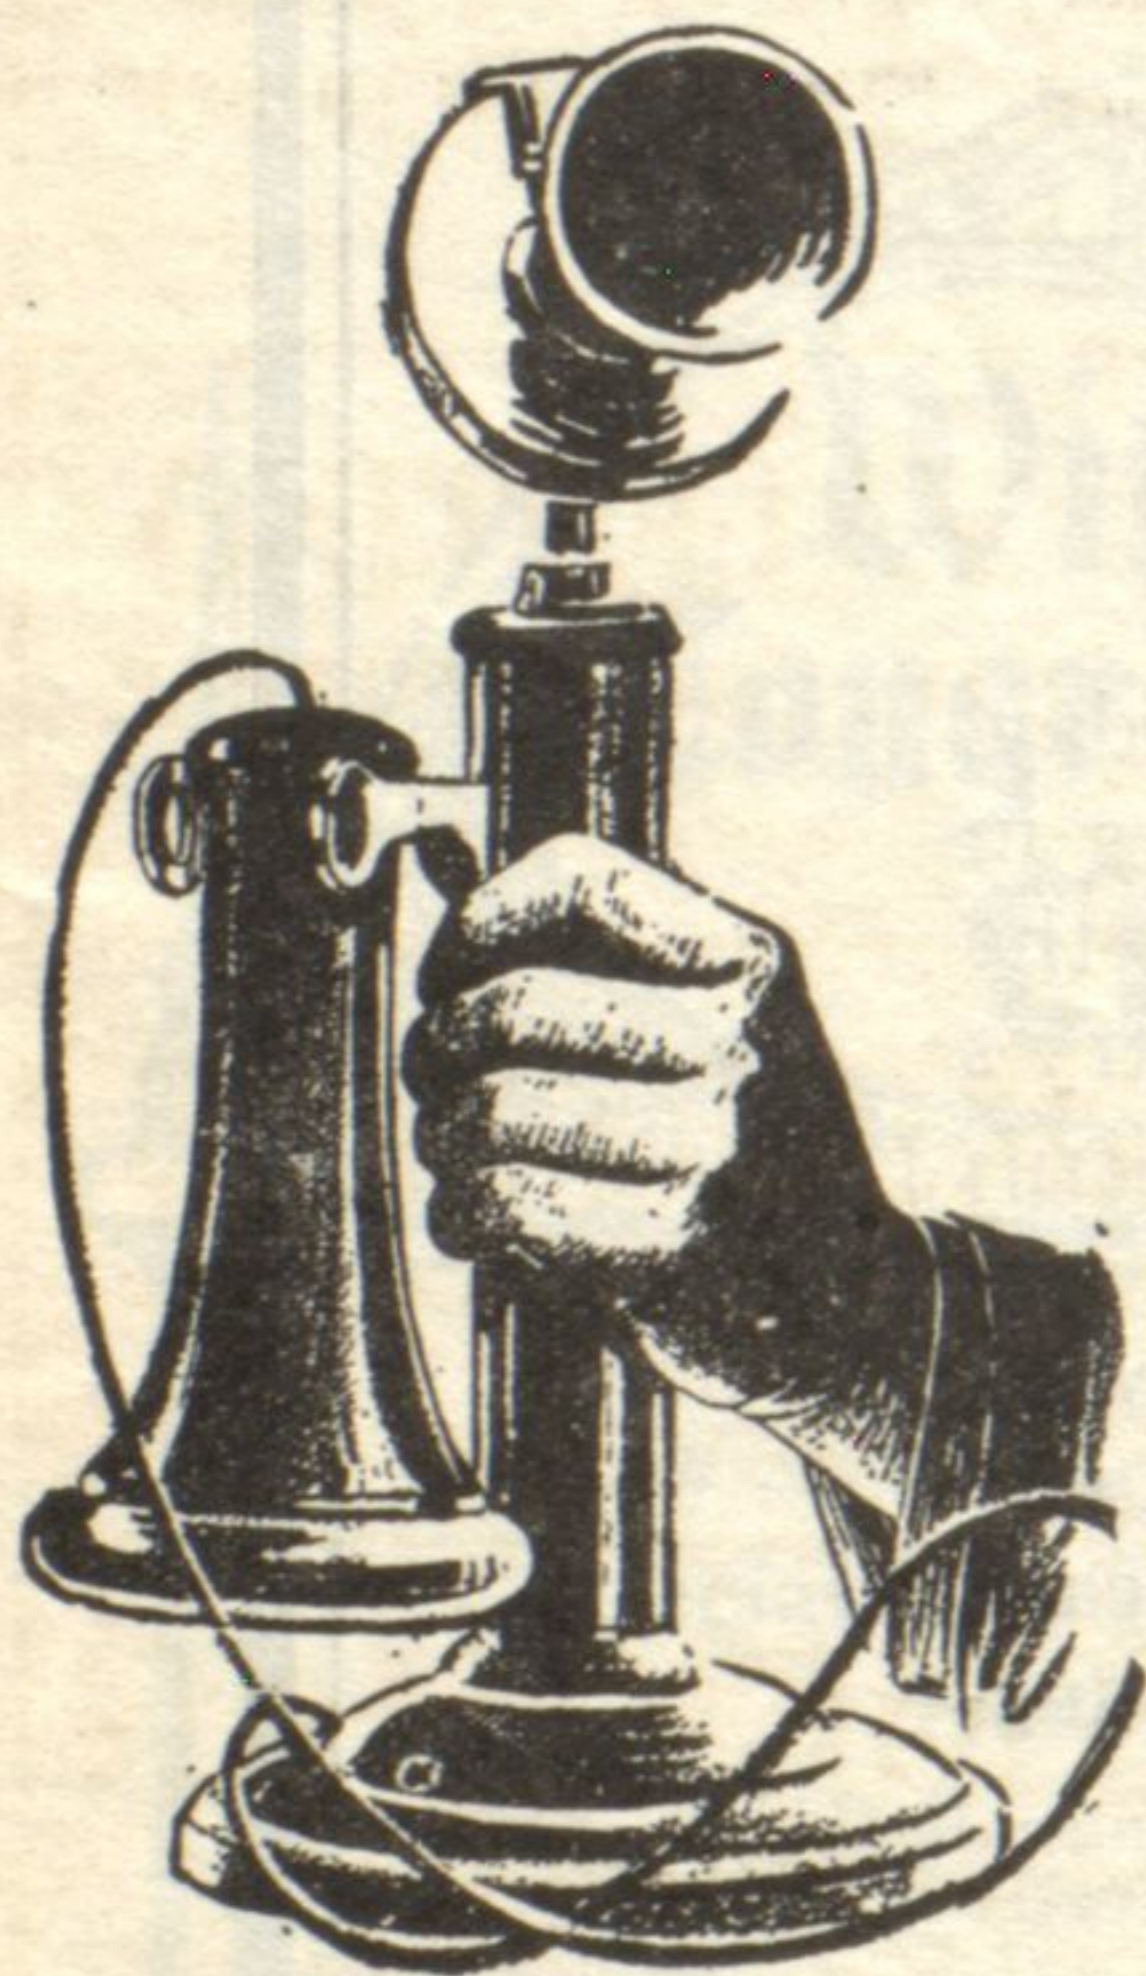

Come in and see it at my home any afternoon (or evening by appointment). You will be delighted, it will go a long way to solve your Christmas Gift Problems.
