

Stage Spectacle to Foster Girls' Home in Chicago's Loop

The Illinois Club for Catholic Women is staging a mammoth water spectacle under the title of "The Legend of the Nile," which is a replica of the famous New York Hippodrome success, "Neptune's Daughters" of a few years ago. This will take place at the Coliseum, Chicago, November 26 to December 6, inclusive.

The object for which it is to be given is to raise funds for the erection of a club and home for girls in the loop district, where girls can find a home and home comforts at a reasonable rate and where congenial companionship and associations can be made.

"The Legend of the Nile" will be staged on an immense platform at the south end of the building. It will occupy the entire breadth of the Coliseum and some 150 feet from the back wall. Scenery representing ancient Egypt in the days of the Pharaohs will be erected some 30 feet in height and the whole will be surrounded with an immense cyclorama showing the surrounding country.

The famous disappearing ballet, where the performers descend into an immense tank of water, returning from it later in different costumes will be given in its entirety. Big circus and hippodrome features will be introduced and a pretty theme carried through the play.

Girls' Christmas Bazaar to Have Many Novelties

At the Christmas bazaar to be given by the Girls' club of New Trier High school on Saturday, December 5, one of the most interesting booths will be the Dutch Oven. This booth will have for sale cakes, cookies, bread and all manner of delicacies. Housewives of the north shore villages are invited to attend the bazaar and buy their week-end supplies of bakery goods. Other articles on sale in the various booths will include Christmas cards, lamp shades, and numerous painted articles, handkerchiefs and towels and many other dainty hand-made household articles. A one-act play will be presented both in the afternoon and the evening, and there will also be dancing in the evening. Everyone is invited to attend.

NAMED COLLEGE TRUSTEE

Norman M. Stineman, 1121 Ash street, Winnetka, has been elected a member of the board of trustees of Ohio Northern university to which Col. H. C. Boyden of Wilmette went early this fall as head of the engineering department.

EXHIBITS ART WORK

The host of north shore friends of Mrs. Anthony French Merrill and her daughter, Katherine Merrill, the New York artist, will take interest in the announcement that Miss Merrill is having for the first time in a number of years, an exhibit of etchings and bookplates in the Thomas Whipple Dunbar Art galleries on the second floor of the London Guarantee building, 360 North Michigan avenue, (at the bridge) during the month of November.

ADDRESSES P. T. A.

Mrs. Alfred S. Alschuler, 795 Lincoln avenue, gave an address Wednesday before the Parent-Teacher association of the Elm Street school, Highland Park. Mrs. Alschuler, who is founder of a school for children of pre-school age, gave a talk on the new viewpoint which scientists and educators now hold of the first six years of a child's life.

Crown of all the Fine Cars Cadillac Has Ever Built

Those who have driven many Cadillacs say that even Cadillac itself has never in years past attained the height of fineness now exemplified in the beautiful new 90-degree Cadillac.

They find this emphatically evident in its exhilarating new performance—the result not only of 11 years' development of the 90-degree principle, but of eight-cylinder engineering that strides along far in advance of the general trend.

Design—beauty again implies the all-embracing scope of Cadillac supremacy.

Those who have longest admired Cadillac, are delighted in these cars, by a refreshing air of youth, the suggestion of agile fleetness, the reflection of new European tendencies in line and in detail.

But the crowning achievement of all is in performance, in the 90-degree eight-cylinder engine which abounds with life and power.

Until you have felt the thrill of what that engine can make the new Cadillac do, you have not experienced the finest thing in motoring today.

Prices range from \$2995 for the Brougham to \$4485 for the Custom Imperial. F. O. B. Detroit. Tax to be added.

The total cost of a Cadillac paid for out of income is the cash delivered price, plus only the low GMAC financing charge.
