A BEAUTIFUL

WICKER CLOTHES HAMPER

Our liberal budget plan permits the placing of this famous washer in your home for a very small down payment.

Safety, Durability and Freedom from Repairs!

The HAAG VORTEX is made by people who fully appreciate the importance of cleansing without wear and tear. They have made good washers for 15 years and have a reputation unexcelled by anyone.

The HAAG BROTHERS have never allowed cheapness to enter into a product of theirs—a fact that means freedom from repairs and “service” for owners of HAAG washers.

This VORTEX is their latest development—it washes without “rubbing” because the load rests on top of the aluminum “vortex.” It can be fitted with a gas burner if desired.

Let us demonstrate it in your own home.
