## Make it an Electrical Christmas

USEFUL GIFTS ARE PRACTICAL GIFTS  
ELECTRICAL GIFTS ARE PRACTICAL

What could make mother more happy than to have her find on Christmas morning an *Electric Percolator*, *Toaster*, *Waffle Iron*, *Coffee Urn* or *Electric Iron*? These smaller appliances are every-day necessities, appliances that she should not be without.

Then too, there's the *Vacuum Cleaner*—another essential. We suggest the *Hoover* or *Eureka Cleaners*. Then come wash days; *Thor*, *Eden* and *Maytag* need no introduction to take the hard work from those days.

Think of the future. Make her happy.
