Junior Floor Lamps

These Junior Floor Lamp outfits are the newest thing in the lamp and shade industry. The shade is hand painted by artists in oil colors and can be washed with soap and water. The standards are made of wrought iron by skilled artisans in the use of metal.

Shades measure 22 and 24 inches in diameter, the frames are covered with a specially treated cloth and decorated with the most pleasing touches of color visible in nature. Designs of flowers and birds are truly life-like, and the shadings and tints are most harmonious. These "glasse" hand painted Junior Shades are finished with best quality ruching and braid which match in effect the work of the artists.

The lamp standards measure 68 inches over all, equipped with a dainty hand wrought tube, with flower stem winding half way the length of the tube, with green hand wrought flowers surrounding a Jacque Rose. There is a hand wrought husk just above the base, and is made of cast metal with beautiful design woven throughout. The standard is also equipped with a dainty attractive metal finial (that decoration above the lamp shade) and a pair of silk pull cords and tassels. There is also supplied 8 feet of wire cord and 2-piece plug. The electrical cluster is 2-light, 2-pull chain. The finish of the standard is beautiful and in harmony with the lamp shade.
