

Practical Gift For Whole Family

Electrical Kitchen Wizard Makes Gift of Year-Round Utility

A score of North Shore husbands have within the last week solved the problem of gift-giving by purchasing for the home this unique electrical housemaid, KitchenAid. As a gift to wife and family KitchenAid stands alone both in beauty and utility.

Three times a day, 365 days a year, the housewife can save herself hours of labor, serve the family delicious menus and do it in half the usual time.

KitchenAid mixes every kind of dough and batter, cuts shortening into pastry; mashes potatoes to snow-white fluffiness; mixes and beats mayonnaise, eggs, icings; whips cream, meringue; creams butter and sugar, fudge, every kind of candy mixture; grinds coffee; chips ice; chops meat, nuts, raisins; strains soup, puree, sauces; slices vegetables, freezes ice cream, ices, sherbets; and does other related things too numerous to mention.

It does all this by electricity, at a cost of about one cent per hour for operating. Users say it is so simple that even little brother or sister can make fudge, mayonnaise, ice cream, sherbet—hundreds of dainties that make a hostess popular.

Solves Servant Problem

KitchenAid also seems to be solving the servant problem in North Shore homes. Owners say it makes the maid a much better cook and enables her to serve a great variety of delicious foods that would be almost impossible to prepare without KitchenAid.

Takes Up Little Space

Almost every kitchen has a corner now unoccupied that could hold this electrical housemaid, for even when mounted on the roomy cabinet it is only 24 inches square. Without the cabinet KitchenAid occupies a space only 13 inches wide.

Adds Beauty to Kitchen

Besides being very practical, KitchenAid is also finished beautifully in French gray enamel. KitchenAid adds a spic and span, systematic appearance to the kitchen, and is always ready to work at a moment's notice.

Sold on Convenient Budget Plan

KitchenAid can be bought out of income instead of capital, and the KitchenAid Sales Agency at 6 N. Michigan Blvd., Chicago, invites purchases on this budget plan.

Cast Noted in North Shore Art World to Produce Three Plays

The arts committee of the Woman's Civic club of Ravinia will present three one-act plays on Friday and Saturday, December 11 and 12, at 8 o'clock, at the Village House, Roger Williams and Dean avenues, Ravinia. Mrs. Frank C. Peyraud, the well known portrait painter, is in charge, and many others prominent in north shore art circles are taking part.

The plays were written by a club member, Mrs. John R. Warmington, formerly a resident of Winnetka, and are the first of her plays to be produced. The drama reading classes of Mrs. E. J. Sherwin of Glencoe, gave Mrs. Warmington her first impetus to attempt playwriting.

The staging and scenery of the first play on the program, entitled "The Song of the Lark," is in the competent hands of Mrs. James Cady Ewell and is being coached by Rene Lavenant. Mrs. Ewell also takes the principal part. The second play, "The Skeleton in the Closet," is under the direction of Mrs. William H. Mast and is staged by Lucien Maurice Brouillette. These two plays are modern.

The third, "The Millennium," altho treated as a fantasy, is modern in spirit as it gives the imaginary reactions of a group of moderns to a state of perfection. The scenery is designed by Frank C. Peyraud and the costumes by Mrs. Peyraud, who is also directing and staging the play with assistance of Miss Emmeline Fricke, as coach.

Others, well known in Winnetka and along the north shore who are taking part are Mr. and Mrs. David Clarke, Miss Charlotte Robertson, Lionel Robertson, James Cady Ewell and J. Mills Easton.

Tickets may be secured by mail from Mrs. Lucien Maurice Brouillette, 370 Cedar avenue, Highland Park. Owing to limited seating capacity applications must be made by December 7. Please state which night tickets will be used.
