SATISFACTION

EARL WEINSTOCK, Vice Pres. & Gen. Mgr.

December 11, 1925.

Mr. Fuel User:

We sell and recommend Chicago Koppers Coke, a better fuel than hard coal, cheaper than prepared sizes of Pocahontas with fewer ashes, less smoke and guaranteed to give satisfaction in your base burner, furnace or boiler.

Also Arkansas anthracite, Pocahontas and Franklin County Illinois coals.

Write or phone us today and we will have our representative call and recommend the correct fuel for your plant.

Yours very truly,

WINNETKA COAL-LUMBER CO.
