

Celebrated Artists Give Big Program of Wilmette Club Year

Dudley Crafts Watson and Henry Purmont Eames, both artists of great distinction, will render the program at the Woman's club of Wilmette on the afternoon of Wednesday, December 16.

Dudley Crafts Watson will lecture on Moorish culture in Spain, and the pictures he will use in illustration of this talk are very beautiful. As they are shown on the screen, Henry Purmont Eames, the noted pianist and composer, will intepret on the piano the atmosphere of the pictures.

This program will be one of the outstanding events of the club season, and is unique in that it offers the appeal of two fine artists working together on one general theme.

Mrs. Maurice Lieber of Ridge avenue was the speaker on the industrial program given by the Chrysolite club Tuesday, December 8.

Wellesley Club Announces Annual Christmas Meeting

The meeting eagerly anticipated each holiday tide by members of the North Shore Wellesley circle takes place Monday afternoon, December 14, at the home of Mrs. Irwin Rew, 217 Dempster street, Evanston.

In an atmosphere permeated with cheer from a blazing log fire and the spirit of gracious hospitality, a program of carols and Christmas music will be given, which will be followed by an informal reception.

CLUB PLANS BENEFIT

The Columbus Foundation club will give a card party in the ballroom of the Edgewater Beach hotel, Saturday, February 13, at 2 P. M. The proceeds will go toward the building fund for the Catholic church of the University of Illinois.

It is the hope of Rev. John A. O'Brien, Ph. D. chaplain, that ground for the new church will be broken in February. Mrs. John J. Enright is general chairman of the party.
