Convalescing

Lewis B. Springer, 411 Maple avenue, Wilmette, state representative from this district, is reported recovering slowly from a severe attack of acute sciaticneuritis. He has been confined to his home for several weeks but is now well on the road to recovery, members of the family report.

Mr. Springer has been representative from this district for several terms and has been particularly active in furthering the agricultural interests of the state. It was largely through his efforts that the legislature appropriated funds for the establishment of an agricultural experimental station in Cook county. He has also been keenly interested in the preservation of forest tracts and the establishment of state forest lands.

"We may live without poetry,
music and art;
We may live without con-
science,
We may live without heart,
We may live without books,
What is knowledge but griev-
ing?
We may live without hope,
What is hope but deceiving?
We may live without love,
What is passion but pining?
But where is the man that can
live without dining?"
