

## GIVES LECTURE HERE ON CHRISTIAN SCIENCE

(Continued from page 15)

since Christian Science brings about this healing, let us consider this question for a moment, for it involves a subject that is greatly misunderstood.

It is, of course, a fact that in Christian Science the healing is done mentally, which has led some who are unfamiliar with Christian Science to believe that its healing is accomplished through a form of mental suggestion. It is also believed by some that Christian Science heals only cases of nervousness and hysteria, or slight indispositions which nature would take care of, or cases concerning which it is said they "would get well anyway." It is quite true that cases involving hysteria, fear, and imagination have been healed, but these by no means constitute the larger portion of the work done. It is a matter of record, supported by indisputable proof that Christian Science has healed innumerable cases of organic and structural diseases which has been diagnosed as such by reputable physicians. It is the healing of serious and critical cases which proves most strikingly the efficacy of Christian Science as a healing agency.

Christian Science healing may be demonstrated and will be differentiated from all other forms of mental healing when the following points are understood: first, it has a divine foundation and results from the operation of divine Mind and not human will; second, it is based upon absolute reality, the infinity of Mind, Spirit, Truth, and the perfect nature of the ideas which constitute real being; third, it is predicated upon the unreality of all that is unlike perfect spiritual Being, namely, the unreality of matter, evil

mind, mortal law and power, which constitute so-called material existence, or the "Adam-dream"; fourth, it is fundamentally a corrective process, as Jesus intimated when he said, "Ye shall know the truth, and the truth shall make you free."

### Its Promises

The achievements of Christian Science, during its comparatively brief history, have been so widespread in their effects, so unseen in their influences, so elevating in their teachings, that these results and their part in the world's redemption cannot be adequately estimated.

Its most conspicuous result has been the healing of mortals from sin, disease, and untold misery. Any careful observer will find that the Christian Science church membership is composed almost entirely of persons who have been healed of some physical or moral ailment. Only a small percentage have come into Christian Science because of any appeal than its promise of healing.

Many have been healed of diseases of a character which puzzled the diagnosticians, and many from ailments associated with unethical or immoral conditions. Disease resulting from so-called hereditary laws and from wrong environment, from family and business complications, laws of occult influences, and evil purposes, which it is obvious that drugs and surgery cannot possibly heal, have in numerous instances yielded to the Christ power of true Christian Science work.

In the twentieth, twenty-first, and twenty-second chapters of the book of Revelation we read of the reign of a thousand years of peace with Christ, commonly called the Millennium. In that day, we read, "there shall be no more death, neither sorrow nor crying, neither shall there be any more pain, for the former things are passed away."
