News and Reviews

VILLAGE THEATRE

"The Fool," Channing Pollock's great play which ran for more than a year in New York after it had been branded as worthless by some critics, has been put into motion pictures and will be seen next Monday, Tuesday and Wednesday, January 18, 19 and 20, at the Village theatre. Edmund Lowe plays the part of Dan Gilchrist, the young curate of a fashionable New York church who is "fool" enough to wonder what would happen if every man lived his life as Christ would have lived it. The picture is a super-production, ten reels long, and is full of tense drama.

In addition there will be a Hal Roach comedy, "Hold Everything," and a Pathe news reel. At the Tuesday afternoon matinee Chapter Nine of the serial "Wild West" will be shown.

Jackie Coogan in "Old Clothes," one of his best and most appealing pictures, will be the feature attraction on Thursday, Friday and Saturday, January 21, 22 and 23. This picture is a sequel to "The Rag Man," in which Jackie Coogan made such a hit recently. As an additional treat for the children there will be an Our Gang comedy, "Your Own Back Yard" and a Pathe news reel.

Although both "The Fool" and "Old Clothes" are special pictures they will be shown at the regular prices, it was announced by J. B. Koppel, manager of the theatre, who explained that this is intended as a mark of appreciation for the patronage of north shore residents during the past year.

THE NEW EVANSTON

Betty Bronson, star of "Peter Pan," will be seen in another picture made from a story by J. M. Barrie when she comes to the New Evanston beginning next Monday in "A Kiss for Cinderella".

The transference to the silver sheet of this world-famous Barrie story, which served the beloved Maude Adams as a stage vehicle many years ago, was no easy task, due to its contrasting elements of fantasy and realism.

The fact that the finished product registers as charming, smooth and shining entertainment is a tribute to the expert adaptation of Willis Goldbeck and Townsend Martin, the adroit direction of Herbert Brenon, the refreshing acting of Betty Bronson, the admirable characterizations of Tom Moore and Esther Ralston, and the skilful playing of the competent supporting cast.

HOWARD THEATRE

Three of the most popular men on the screen will star in productions coming to the Howard theatre next week. On Monday and Tuesday, January 18 and 19, Percy Marmont will be seen in "A Brave Heart". Marmont's work in "If Winter Comes" and, more recently in "Lord Jim", will be remembered by all screen fans. Lew Cody will star in "Time, The Comedian," which will be shown Wednesday and Thursday. "Fine Clothes", with Lewis Stone, will be the feature attraction on Friday and Saturday. In addition, there will be the usual comedies, news reels and special features.

HOYBURN THEATRE

"Classified", Corinne Griffith's new picture, will be shown at the Hoyburn theatre next Monday, Tuesday and Wednesday, January 18, 19 and 20.

"Classified" brings to the screen a new type—the girl who takes your want ad, over the phone. Also, it gives Miss Griffith a new opportunity at characterization, as she has never before attempted to portray this sort

of personality. Her success is reported as having been complete.

Jack Mulhall and many prominent screen artists are enrolled with Miss Griffith in placing this delightful story of life in a New York flat upon the screen.

On Thursday, Friday and Saturday Raymond Griffith, the new comedy star, will be seen in his latest and funniest, "Hands Up." There will also be the usual comedy, news reel and other features to complete the program.

Giannini Charms Audience in Club Recital Last Week

BY MUSIC CRITIC

Friday evening, January 8, a capacity audience greeted Dusolina Giannini, dramatic soprano, on the occasion of her recital of a varied repertory of classic and modern songs. These artists' recitals, sponsored by the Winnetka Music club, have come to be notable social, as well as artistic, events. Every recitalist presenting a program at these times is sure of meeting a large and appreciative assembly. Dusolina Giannini had this pleasant experience.

With her blue dress and large red butterfly sleeves, Giannini from the very first moment of her appearance made a decidedly favorable impression, to which her engaging manner made a noticeable addition. Her singing, remarkable for its interpretive power and flexibility aroused unusual applause and made the giving of encores imperative. Of her three groups the Italian folk songs seemed most pleasing.

Mrs. A. H. Goodhue of 384 Elder lane was hostess at a dinner given Wednesday evening, January 13. Her guests of honor were Mr. and Mrs. George A. Boomer of Waterbury, Con.

Mrs. C. J. Collins of 234 Woodland avenue expects to return home from St. Francis hospital the latter part of this week with her daughter, Ruth, who was born at the hospital December 22.

Dodge Cars Do 700 Miles at Fifty Below

By Dr. Roy Chapman Andrews

Hardship and hazard were constantly intermingled with the thrill of important discovery and the adventure of exploring vast areas never before visited by civilized man in the Asiatic expedition of the American Museum of Natural History.

Probably the most bitter experience we had during our three Asiatic Expeditions was over the 700-mile route from Kalgan, China, to Urga, the capital of Mongolia. The temperature was fifty degrees below zero. We never stopped the engine during the trip as we felt certain that no antifreeze mixture would safely withstand that intense cold.

On May 24, while crossing the desert we ran into a blizzard. For long stretches there was no snow at all, then

came drifts. Several times we ran into patches of what appeared to be shallow drifts and suddenly found ourselves buried in snow that had packed into gulleys twelve or fifteen feet deep.

Our Dodge Brothers Motor cars were the first automobiles that ever went past Urga. On the way out from Kalgan we passed the wrecks of nineteen other cars in the first 150 miles. Ten men had been killed in the wrecks of these cars.

As soon as we came out of the desert we were beset with traders and business men who wanted to know all about our trip. They had openly declared that no motor car could go into that region and come out again, but when we showed up with our entire fleet of five Dodge Brothers cars in perfect running order they were convinced, and now Dodges are making in a few days long trips into the interior that formerly took months by camel train.
