Not a "Substitute" for people of this town—

People who have never burned anything but hard coal, talk about substitute fuels of all kinds. For thousands of people, Chicago Solvay Coke has been the standard for over 20 years. Hard coal makes more ashes, contains less heat and costs 30% more per ton than Chicago Solvay Coke. Good soft coal gives about half the heat and does damage with its dirt, smoke and soot.

Call your dealer and ask him about Chicago Solvay Coke. He will have a furnace and fuel man visit you. He will recommend the proper size of Chicago Solvay Coke for your equipment and suggest the best use of it for your increasing satisfaction.

Rev. John Henry Gibson, D. D., formerly of Rock Island, Ill., who has been making his home for the past six months with his daughter, Mrs. J. Frank Waugh, 812 Ashland avenue, Wilmette, will leave Monday for a tour around the world. Dr. Gibson made his first tour of the world last winter on the S. S. Belgenland.

This year he will go with the 6th Clark cruise on the S.S. Laconia. The cruise starts Wednesday, January 20, from Cunard pier 56, New York City. Dear Cynthia

A party is an event
in any girl's life.
There is nothing
in which she takes
more pride than
her party dresses.
For a frock that is
really smart you
should go to
