

"Troubadors" Club, Glee Singers, Hold Their First Party

The first official party of the "Troubadors" a newly organized north shore glee club, was held Wednesday evening of last week at their meeting rooms in the Winnetka Community House. The organization was formerly called the Hubbard Woods Glee club, but this name was changed, as members from various villages joined the club.

The meeting was opened by Dr. Thorvald Lyngholm, founder and honorary president of the club, who made an address of welcome to the new members and their guests. After this there was entertainment by various members, and John Gunn, musical leader and director of the club, outlined the past work of the organization and spoke of future plans.

It was announced that the charter will remain open until February 1, and it was urged that all young men who are interested in singing make application immediately if they wish to join. The guests of the evening included members of another north shore glee club.

Country Day Basketball Season in Full Swing

The North Shore Country Day school basket ball teams won two of the four games played last week. On Friday, at the North Shore Country Day school gym, the Skokie heavyweights were defeated 12 to 3 and the Skokie middleweights lost 5 to 0. On Thursday, at Skokie, the Skokie lightweights, in an exceedingly close game, won 2 to 0. In the Varsity game, Saturday afternoon, the Milwaukee Country Day school team defeated the Country Day school team of Winnetka, at the gym of the latter school, 21 to 14. The Milwaukee team was composed of exceptionally large, fast and skillful players, but the North Shore team fought them bravely to the close.

HOLD HOCKEY WINDUP

On Sunday morning, January 31, at 10:45 o'clock, the final game of the North Shore Hockey league will be played at the Edgemoor Golf club. The competing teams will be Indian Hill and Highland Park. It is expected that this will be a game well worth seeing, inasmuch as each of the contending nines is eager to emerge victorious from this, the closing contest.

25% MORE HEAT

You get about 25% more heat for your money from fuel oil than distillate. Oil-O-Matic is listed as standard to burn fuel oil. But it will burn any of the lighter oils just as efficiently. Compared with some burners using more expensive oil, Oil-O-Matic often saves enough in four years to heat a home free for one year. A small down payment. A year to pay the balance.
