

A State Bank

## Sharing in Specialized Knowledge

**I**T takes many years of actual banking experience to acquire a thorough insight to problems which the layman has difficulty in solving without specialized knowledge—yet the benefit of our counsel is freely available to every one of our depositors at any time.

Experience is costly—there is constant benefit in using the organized service which is ever at your command. We courteously invite you to share its advantages.

## LEE Says:

ORDINARILY it's  
PRETTY hard to get  
ME to talk—  
BUT I feel in a  
CONFIDENTIAL mood to-  
day

BECAUSE the annual job  
OF invoicing is over  
AND we are heading  
INTO the wind for  
ANOTHER year's business  
VOYAGE.

I'VE been in the drug  
BUSINESS right here in  
WINNETKA for twenty-three  
YEARS, which is almost a  
quarter

OF a century, as near as  
I CAN figure it, and  
WHEN I look over the  
PREMISES here I realize  
THAT I have achieved at  
LEAST one of my  
AMBITIONS—that is, to  
OWN a well located and  
WELL appointed drug  
STORE—

I'M proud of this store—  
I CAN'T help it, because  
IT represents a lot of  
WORK and worry—and  
NOW I want you people  
IN Winnetka to share  
THAT pride, for after  
ALL, it's your store,  
TOO, because you've  
MADE it possible.
