### Girls Win All Prizes in Barnett Essay Test

Three girls were the winners of the prizes in the Otto R. Barnett annual essay contest at New Trier High school this year. They were Sybil Saxton, winner of the first prize; Josephine Comfort, second, and Margaret Walker, who received honorable mention. Every year Mr. Barnett, a well known resident of Glencoe, offers prizes for the best essays on subjects of civic or national importance. The contest is open to all pupils of the high school and the choice of a wide range of subjects is left to the contestants. Miss Saxton chose as her subject "The League of Nations and America." Mr. Barnett presented the prizes in person last week and delivered a short address before pupils of the school.

On Saturday evening, January 30, Mrs. Stanley Rich of 535 Willow street, entertained in honor of her sister, Mrs. E. T. Holsapple, of Scarsdale N. Y., at a supper dance at Indian Hill club.

### Near East Orphans to Be Remembered on Valentine's Day

School children throughout Illinois will, during the next two weeks, enter into an endeavor to make Valentine's Day a happy one for their less fortunate brothers and sisters who are wards of Near East Relief in the Bible Lands and other devastated regions along the Mediterranean.

With the commendation of President Coolidge, Governor Small, Francis G. Blair, State superintendent of Public instruction, the appeal for continued aid for the hungry little ones in the Near East is being carried to every pupil in public schools throughout the land that they may "adopt" as their Valentine one of the orphaned children overseas.

The state committee, headed by former Governor Frank O. Lowden, emphasizes the fact that it costs but \$60 yearly to provide food, clothing, shelter and vocational education to children in Near East orphanages which is equivalent to about seventeen cents a day and, as in former years, it is expected that school gifts will range from this sum to the \$5 monthly which is sufficient to maintain a "valentine" in the oppressed countries where 100,000 children are wards of charitably inclined persons in the United States.
