GIVES FAREWELL TEA
Mrs. Caleb Busick, 1408 Asbury avenue, was hostess to a number of friends Monday, February 1, at a bridge-tea which was in the nature of a "farewell," as Mr. and Mrs. Busick and their family are leaving the village for a year to make their home in Kansas where Mr. Busick's business interests are at the present. They expect to return to Winnetka to establish their permanent home. A number of farewell parties are being given in their honor by their many friends.

Mrs. Howard E. Bowers, 554 Orchard lane, was hostess at a luncheon and bridge Tuesday, February 2, her guest of honor being Miss Marjorie Bartholf of Glencoe, who is leaving next week for an extended trip abroad.

**Insull, Mitchell Newest
Trustees at Northwestern**

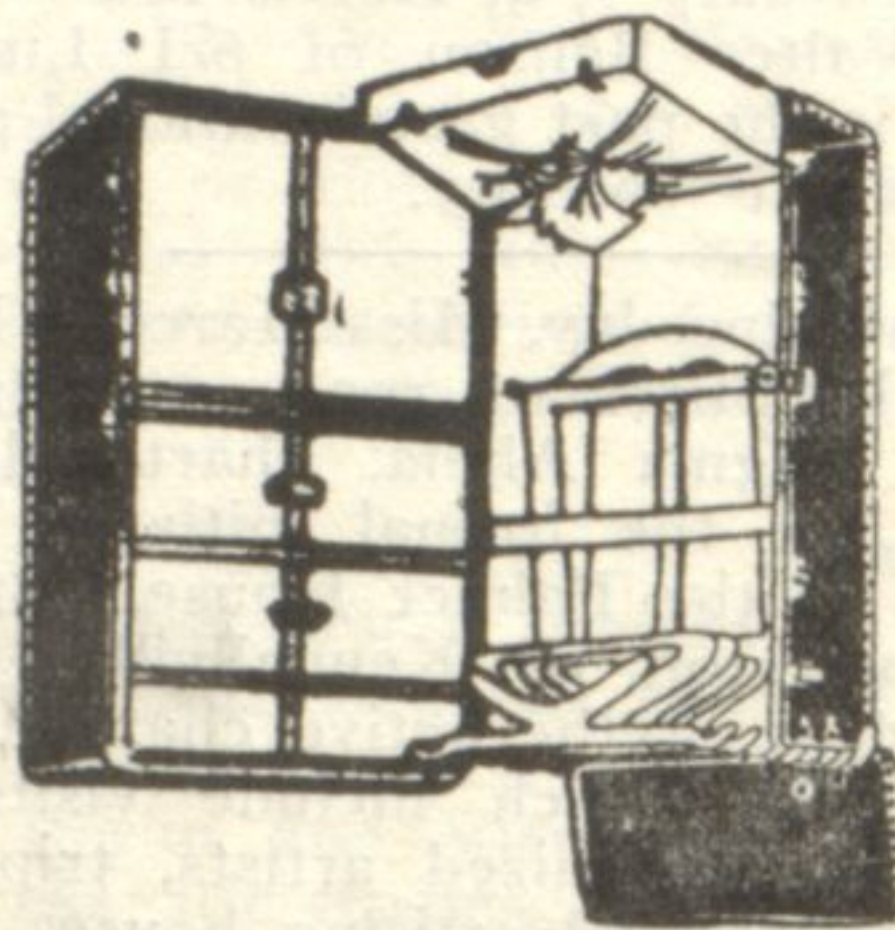

Samuel Insull and John J. Mitchell have accepted trusteeships with Northwestern university. There was a meeting of the trustees at the Drake hotel this week and approval of their names was formally made, according to President Walter Dill Scott.

Mr. Insull is head of various local electric light and gas companies and is heavily interested in others, including the Commonwealth Edison company, the Middle West Utilities company, People's Gas, Light and Coke company, and the Chicago, North Shore and Milwaukee railroad. Mr. Insull is personally interested in the amalgamation of Armor Institute of Technology with Northwestern university as he has recently expressed a desire to see Chicago the engineering educational center of the United States.

John J. Mitchell, president of the Illinois Merchants' Trust company of Chicago, formerly the Illinois Trust and Savings bank, is one of the best known bankers in Chicago and has long been interested in Northwestern university. He is the second bank president to be on the board of trustees of Northwestern university, the other being Melvin A. Taylor, president of the First National bank of Chicago. For many years Mr. Mitchell's bank has occupied, in part a site at LaSalle street and Jackson boulevard owned by Northwestern university, and the relations between the bank and Northwestern have always been extremely pleasant, it is said.

Miss Helen English, daughter of Mr. and Mrs. W. R. English, of 375 Hawthorn lane, is coming home from Rockford college this week to spend the mid-semester vacation with her family.

**Do You Waste
a Working Day
in Every Six?**

TEN MINUTES from your home to the station. Twenty-five minutes on the train. Ten minutes from the down-town station to your office. Forty-five minutes, twice a day, six days a week. Nine hours!*

If a loop location is a habit more than a necessity, an office in the modern new Carlson Building in Evanston will save a full working day out of every week.

*Golf Note: 9 hours equals 54 holes.
