

A State Bank

Today's Bank Is Alert and Progressive

“A GREAT CHANGE in banking has come through the modern broadening of a bank's usefulness in fields not occupied before,” says a recent editorial in a financial journal. “The banker is and ever has been a good friend to every patron worthy of his confidence.”

The officers of this bank spend a generous share of their time in dealing effectively with the problems of its customers and in expediting their transactions.

We invite business and personal accounts, with the assurance of cordial, attentive service.

LEE Says:

THERE are a lot of THINGS in this world THAT we can't quite UNDERSTAND and one of THOSE things is why DO people snore? THERE doesn't seem to BE ANY particular fun IN IT for the fellow WHO does it, and IT'S an absolute CERTAINTY that it DOESN'T offer much ENTERTAINMENT for the PEOPLE who have to LISTEN—and while we CAN'T offer you any CURE for the snoring HABIT and can't PREVENT your nights FROM being disturbed IF YOU happen to have AN audible sleeper in YOUR home, we can MAKE your nights more PLEASANT with one OF our Electric Heating Pads THAT we are now selling FOR \$5.00 each.
