ADOPT STUDY PERIOD

Congregational Church School Introduces New Feature for High School Students

At the Winnetka Congregational church, Sunday morning, during the church school worship hour of 9:30 o'clock, Dr. J. W. F. Davies will talk on St. Valentine, and at 10:20 o'clock, will address the lower school on "The Heroes of February." At 11 o'clock will be held a Junior church service, when Dr. Davies will preach on, "What Is Life for." This service is open to boys and girls from the seventh grade through the second year of high school. Those in the third and fourth year high school will attend the adult church service, Dr. Davies said.

Announcement was made Thursday of a new departure in connection with the church school, in which has been inaugurated a study period, on Sunday mornings, the period from 9 to 9:25 o'clock being assigned to the older students, with the time from 9:30 to 10:15 being reserved for the lower school.

Beginning next month Dr. Davies announces special courses are to be given in the second year high school classes, by the Rev. James Austin Richards, in the meaning of "The Christian Life and Church Membership." In the third year high school classes a course will be given by Dr. Davies on "The Fundamentals of Religion." These classes take the place of the old catechetical or confirmation classes which other groups have been accustomed to have.

PLAY ST. VALENTINE

Skokie School Children Give Realistic Portrayal of Llegendary Exponent of Love and Friendship

During the regular assembly period next Monday afternoon the children of the Skokie school will give a vaudeville show and party, the program of the former part of the entertainment depicting St. Valentine in his leave-taking from earth and his gift to the earth in the form of a heart containing deeds of thoughtfulness and kindness, a concrete representation of the abstract thing.

In the first scene, St. Valentine tells the people to whom he leaves the heart to hold a festival every year. The second scene is one of the festivals, when the music, etc., are presented as the gifts to the heart to enable it to grow. Bob Pearce, as master of ceremonies, will announce that it is customary for each person to present a gift to the heart at this festival. Some will bring gifts of music, some bring dancing or tumbling and all these will be acceptable to the heart because they bring happiness to the world and lighten leisure hours. Thus the program is built around the mythical legend.

There will be three musical numbers, one by members of William Lum's class; one by members of Edward J. Meltzer's class; and Griff Lathrop will play his broomstick fiddle, on which, during his service in the engineering corps, during the war, he frequently entertained at the "Y" huts. The Tumblers will give one number and Ray Ickes, Web Young and John Collier will give an Indian dance. The entire program is one which has been planned by the Dramatic class, whose teacher, Miss Paulina Mitchell, and Mrs. Donald Murray will have charge of the entertainment.

Mrs. Bernitt's Ice Cream Order Early

Owing to the great demand for my cream, it is imperative that we have your Sunday orders early enough to meet our deliveries.

Sunday Deliveries
