LEE Says:

WE HEARD of the ABSENT minded doctor ONE time who came back TO HIS office and found A SIGN on the door that READ "Back at 1 P. M." SO HE sat down on the STEPS and waited on HIMSELF—but we have ANOTHER one that just ABOUT matches that, and IT HAPPENED right here IN Winnetka, too—

THE other day a certain PROFESSIONAL man in THIS town parked his car OVER by Schell's Store AND never thought of it AGAIN until evening and THEN he thought somebody

HAD stolen it—but you CAN never forget the REAL honest-to-goodness VALUE of Elizabeth ARDEN'S toilet prepara- tions

BECAUSE you are reminded OF IT every day of YOUR life.
