

Urge War Veterans to Convert War Risk Insurance Promptly

In a recent letter to General Frank T. Hines, director of the U. S. Veterans' bureau, President Coolidge has expressed his unqualified approval of the campaign recently inaugurated by the bureau to bring to the attention of all ex-service men and women the desirability of immediate reinstatement and conversion of their War Risk insurance.

Commenting upon the insurance issued by the government, President Coolidge said, "It is unnecessary for me to dwell upon the merits of life insurance, and the benefit which would come to all veterans and their dependents by their taking advantage of the liberal provisions made by the government in the matter of insurance."

Under the terms and provisions of the World War Veteran's Act of 1924, all yearly renewable term insurance (war time insurance) must be converted, if now in force, or reinstated and converted if lapsed, into some form of United States Government Life insurance on or before July 2, 1926, after

which date no application for reinstatement and conversion can be accepted.

The provisions for reinstatement are so lenient, the terms of the policies so liberal and the premiums themselves so low, as to bring some one of the six converted policies within reach of every veteran and Director Hines is concerned in seeing that every man or woman entitled to this insurance be advised of his or her rights in connection with it before it is too late.

Country Club Plans New \$300,000 Club Building

Plans for the erection of a new club building to cost \$300,000 were announced by the Ouilmette Country club this week. The building is now being designed by Benjamin Marshall, prominent architect, who lives in Wilmette. The plans call for a permanent dining room, a swimming pool, athletic facilities and everything that goes to make up the most modern type of club building, according to Max Zabel president of the organization. Plans drawn up by Mr. Marshall are to be submitted to members for their approval at a meeting to be held Monday evening of next week.

Second Division Men Plan Reunion in June

The eighth annual reunion of the Second Division association will be held in Chicago June 3, 4 and 5. All former members of the Second Division are requested to get in touch with the Division's north shore representative, Dr. Frank N. Woods, 526 Linden street, Winnetka. It is very important that the association get all former members' names, so it is hoped that every former member will not fail to get in touch with Dr. Woods.

"The eighth annual reunion promises to be the biggest and best since the war," says C. G. Baggary, secretary, "and want to tell all the fellows that we are going to have our national president, Hanford MacNider, Gen. Le Jeune and others. Don't fail to register your name with Dr. Woods."

PURCHASE FINE PAINTING

The Art league of the Joseph Sears school, Kenilworth, has purchased "The Red Oak," a beautiful painting by Charles Dalgren. Mr. and Mrs. A. T. McIntosh and their children have presented the school with a fine Wilson Irvine painting entitled "A New England Home."
