

"GOOD FURNITURE MAKES *the* HOME"

The "Horse and Buggy" age
has passed—replaced by—
the automobile

REPLACING OLD-STYLE FURNITURE

you know the kind—the kind
that was designed by the superin-
tendent of a sash and door fac-
tory—the relics of the "Horse
and Buggy" age

Is just as definite a program in the
well planned home today as replac-
ing the old buggy or the old car

It's done gradually—one piece at a time—one room at a time.

That is one of the reasons for the popularity of our Exchange Depart-
ment. You decide just what piece, or pieces, you want to start with.
Then you come to the store to see if we have in stock the new furniture
you have in mind, and whether our price suits you. Then our appraisal
man tells you just how much we can allow you for your no-longer wanted
pieces. This amount applies as cash on a cash purchase, and as a part
payment on an extended-credit purchase. That is all there is to it.

Take a good look around your home,
select the worst "spot" first, and then

COME IN AND TALK IT OVER
