

### TELEPHONE COMPANY TO HAVE NEW BILLING PLAN

**Beginning April 1 Winnetka Subscribers Will Receive Phone Bills on 6th of Month**

The Illinois Bell Telephone company through H. B. Gates, local commercial manager, has announced that a new billing plan will be introduced in the suburban territory, beginning April 1.

The new plan is known as "Rotation Billing" and means that instead of all suburban subscribers' bills going out on the first of the month, the billing will be divided into six equal groups, each group of bills being mailed shortly after their date.

The dates of the bills in the six groups will be the first, sixth, eleventh, sixteenth, twenty-first and twenty-sixth.

#### Improves Service

Mr. Gates stated that because the new billing plan permits of spreading the work of preparing bills throughout the month, it will be possible for the telephone company to give to its patrons better billing and counter service. The new billing plan also gives the subscriber a more up-to-date bill. The toll charges on each bill include items up to the date of the bill, instead of such items appearing on bills only up to the 15th of the preceding month, as has been the practice.

According to the new plan, telephone subscribers in the Winnetka exchange will receive their bills dated the sixth of each month.

#### Two Bills in March

In starting the new plan, it will be necessary for the Telephone company to send two bills during the month of March to those patrons whose bills will be dated, in the future, the sixteenth and twenty-first. Likewise, it will also be necessary, during the transition from the present method of billing to the new plan of billing, to include toll and service charges for periods varying from fifteen to fifty-five days in length. However, after this transition has been completed, which will be about the sixteenth of April, bills will cover the regular periods, namely; the month preceding the date of the bill for toll items, and the month period beginning with the date of the bill for service charges.

Mr. Gates said each patron will receive a notice with the March 1 bill and also with the next subsequent bill. This notice explains the plan and indicates the period covered by the charges on the bills in the future.

The employes of the Telephone company have been schooled as to all details, and will be ready to answer questions regarding the new plan, it is explained.

# Why Lady Diana Manners Prefers the Cafeteria

(Starring in "The Miracle")

LADY DIANA MANNERS declares she cannot find words enough in praise of the cafeteria.

"Dining in a cafeteria is just like marketing. One picks out what he likes best. I find it a fascinating experience to go into a cafeteria, look over all the food, and then select just what I want without any more ceremony."

Thousands of Plaza patrons concur in Lady Manners' opinion.
