

Still the King of Household Heating

ANTHRACITE

HARD COAL reigns always supreme as the ideal fuel for comfortable homes. Anthracite shipments from the famous Scranton coal fields are being received daily to care for your every requirement. Just as we were able to guard your interests during the winter, we can supply your emergency needs for clean fuel to heat your home in the chill months of early spring.

Cannel Coal and Maple Wood for the cheerful open fire.

No matter what your heating problem may be, the benefit of our experience is yours for the asking
