## Radiola 20

For Biggest Five-  
Tube Performance

Radiola 20 is a five-tube Radiola of the antenna type. It has three tuning circuits. But these three circuits are so accurately matched that the set can be operated by a single control. For extreme sensitivity and selectivity there are verniers, too.

Make this store  
your  
headquarters  
for radio  
supplies.

Radiola 20 has the new power tube that means volume on dry batteries, and fine quality of tone. It has power and refinement beyond any five-tube set you have heard. Come in and hear it today.

Price with five Radiotrons, \$115.00

Radiolas sold on convenient time payments.
