

A Real Home in the Great North Woods

You can have a summer home on the shores of a beautiful clear sand-bottom lake in the heart of the great pine woods of northern Wisconsin. Here you can spend your vacation in fishing, boating, hiking, swimming, touring and golfing. One night's ride on the Northwestern railway will take you to this delightful summer land. The sleeper goes direct to your destination.

Live in your own cabin this summer!

For as little as \$100 down and up and balance in small monthly payments you can buy a lake front lot on which we can arrange to have a home cabin built for you at a very moderate figure.
